

Search for Classes/Create a Schedule in Your Schedule Planner

You may use Schedule Planner to start generating test schedules as soon as the next term's schedule is made public. Shopping carts and validation appointments are not created until 1-2 weeks later, so you will not be able to validate whether you meet the prerequisites on the course until that time. Students are notified by email when the carts and appointments are activated.

Please note: Schedule Planner's layout adjusts to the device you are using. The below pictures are based on laptop/desktop view. On a mobile device, the Add Course, Breaks, and Generate Schedules sections may show up as separate tabs at the bottom.

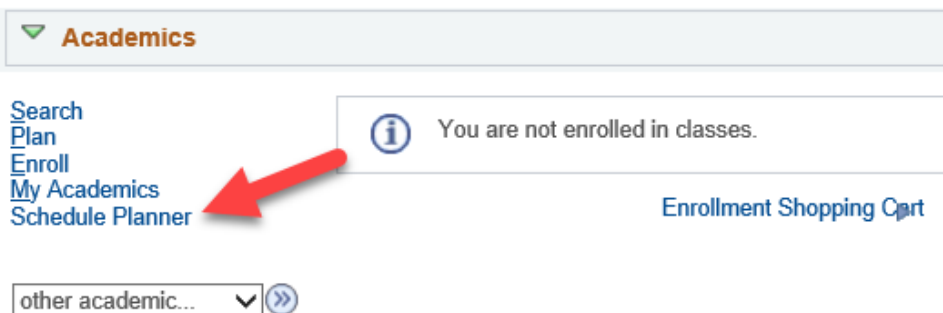

1. Click on the **Schedule Planner** link from your WINGS Student Center. A new window/tab will come up. If you are taken to a page with a button that says **Open Schedule Planner**, click on that button.

Tip: If you are taken back to your main Student Center page, there may be an issue with your browser. Try clearing your cache or use a different browser.

Schedule Planner

 The Schedule Planner helps you plan your class schedule. You may need to disable the pop-up blocker of your internet browser to successfully launch the Schedule Planner.

Instructions:

1.  **OPEN SCHEDULE PLANNER** to open the Schedule Planner in a pop-up window.

2. Choose the term you are interested in and click **Save and Continue**.

3. You are now on the **Build Schedule** screen.

4. The various filters at the top of the screen affect which courses you will find in your search. Click on the Change button to change your filters.

| | | | | | |

| Course Status | Open Classes Only | Change | Term | Fall 2020 | Change |
| Sessions | All Sessions Selected | Change | Instruction Modes | All Instruction Modes Selected | Change |

- a. **Course Status:** can limit your search to open classes (classes that still have seats available) or to both open & full classes
 - i. Setting the Course Status to **Open Classes Only** means you will only see classes that have open seats in your search. Classes that require permission to get in may be set to 0 seats and look closed. Change the Course Status from **Open Classes Only** to **Open & Full** to if the course you are looking for is not in results at first.
 - ii. **Classes that are full but have a wait list are under the Open & Full filter**
- b. **Sessions:** in most situations keeping all of these checked will give you the best results.
 - i. If you want to limit your options to only classes that run the entire semester, only check the **Regular Academic Session**.

- ii. If you are looking to add a shorter class, choose one of the shorter sessions.
 - iii. **Dynamic Dates** means the class can have an unusual start and/or end date.
 - iv. Summer term will have many more session options to choose from, so the session filter is often more widely used when searching for summer classes.
- c. **Term:** what term of classes you would like to search. There is often more than one term available, so check that this is set correctly before searching

d. Instruction Modes:

- i. **Blended (In Person/Online/ITV):** Course in which content delivery, course activities, and assessments take place both in a physical classroom and online. The percentage in which the class meets in a classroom versus online is determined by the department & instructor.
 - ii. **Independent Study:** Students work out with their instructor when they will meet and what topic they will study. This type of course always requires instructor approval in order to register. First years and sophomores vary rarely have this type of course.
 - iii. **In-Person:** Course in which content delivery, course activities, and assessments take place in a physical classroom.
 - iv. **Online Asynchronous or Online:** All content and course activities take place online. Students do not meet in person at a physical site. Although there are deadlines for students by which they need to complete work, there are no requirements for a specific date/time when the student must be available.
 - v. **Online Synchronous:** All content and course activities take place online. Some or all of the class still takes place at a scheduled time. Online elements can be required (e.g., a lecture or exam) or optional (e.g., office hours or discussion times). A meeting date & time is listed in the schedule and enrolled students must schedule other classes/activities around that time.
5. Use **+Add Breaks** to build in activities that you want to schedule around such as lunch, practice, or work.

7. Use the course filters on the Add Course screen to find your course.
- a. **My Planner** helps you to find courses you have already put term by term into the Academic Planner in your WINGS Student Center. If no classes show here, you do not have any classes in that term in the My Planner in WINGS. Unassigned courses (not assigned to a term) do not appear in Schedule Planner. Directions on using My Planner are posted separately.
 - b. **Course Attributes** allow you to search for:
 - i. **Community Engaged Learning** courses
 - ii. **Sustainability** courses - sustainability will be the core theme of the course or a topic within the course
 - iii. **General Education Program** courses - search by categories GE00-GE09
 - A course can only be in one Gen Ed category.
 - iv. You can add more than one attribute to search at the same time. However, the course will have to have both attributes to show up in the results.
 - **Most courses will only have one attribute.**

Tips when using Options:

- Click the **Generate Schedules** button in step 10 first, before adding more filters, so that you can see the largest number of possibilities first. Getting very specific before you know what is available will make it more difficult to find an open schedule.
- If too many filters are selected, it is possible to end up with 0 possible schedules. In that case, go back and adjust your selected filters or update the list of courses you are scheduling.
- See how many seats are available in all sections of a course by clicking on the **Options**. If all of the sections say 0, click on the blue info button to see if there is a wait list.
- If you have changed the **Course Status** filter to include both open and closed sections in order to see wait lists, you use the checkboxes under Options to uncheck any closed sections that don't have a wait list or have a full wait list.
- If you have the **Course Status** filter to include only open classes, the closed sections will display on the **Disabled** tab.

10. Click on **Generate Schedules** to view potential schedules based on those courses (and filters, if you have added any). The example below has generated 132 possible schedules. You can look through those schedules or use the additional filters under

13. Review the possible schedules. Look at the available seats, the times the various sections are offered and whether the courses you want conflict, and test out various scenarios using some or all of the following options, including making several of your best schedules "**Favorites**."

- a. Click on the **Lock** icon next to the course section you want to keep that section in your schedule. After locking a class, any new schedules generated will keep that specific section. If you change your mind about keeping the section, click the lock icon again to unlock
 - i. Please note if locking all the sections, you are essentially saving that one specific schedule which will remain in your Schedule Planner until you are ready to send it to your shopping cart. Consider using the **Favorites** option below instead, which will allow you to save more than one schedule.
 - ii. Locking a schedule **does not** reserve you a seat in the section.

c. Creating Favorite Schedules:

Tip: Have several Favorite schedules saved to give yourself more options on your day of registration. Set them up ahead of time and then wait until the day of your registration appointment to send your preferred schedule to the shopping cart. This makes it easy to see whether seats are still available in your preferred schedules and saves time if you need to make changes because you won't need to drop classes out of the shopping cart first to generate new schedules.

- i. Click on the "Favorites" heart icon at the top to save a schedule.
