

Occupational Therapy Program

CATS

Critically Appraised Topics

**THE UWL OCCUPATIONAL THERAPY
FACULTY & STUDENTS**

INVITE YOU TO THE 13TH ANNUAL

CRITICALLY APPRAISED TOPIC (CAT) RESEARCH PRESENTATIONS

The Second-Year Occupational Therapy Students have been researching several commonly used interventions in occupational therapy and they are now ready to share their work with you.

The event will involve short and concise presentations by groups of students followed by time for questions and comments. These short presentations will provide you with the latest research on common and new occupational therapy interventions.

We hope you will take the opportunity to discuss this research with the students.

DATE: THURSDAY, APRIL 25, 2024

TIME: 5:00pm to 7:00pm

(SEE PRESENTATION SPECIFICS ON THE FOLLOWING PAGE)

PLACE: UWL HEALTH SCIENCE CENTER (RM 2006)

1300 BADGER ST., LA CROSSE, WI

OR ATTEND VIRTUALLY (EMAIL EMIELKE@UWLAX.EDU FOR THE LINK)

Snacks and beverages will be provided for those who attend in-person. Please feel free to come/log in when you can and stay as long as you like.

Please pass this invitation on to your colleagues. A Certificate of Attendance will be provided to all who attend.

WE HOPE TO SEE YOU THERE!
