

**Eta Sigma Gamma**

UW-La Crosse, 204 Mitchell Hall  
1725 State Street  
La Crosse, WI 54601

October 2009

Dear Potential Donor,

To keep the La Crosse community informed about health issues, we, the members of Eta Sigma Gamma and the University of Wisconsin- La Crosse are hosting the annual Eta Sigma Gamma Gala, *Empowering People, Enriching Community with Eta Sigma Gamma*, on Saturday, December 12, 2009. Eta Sigma Gamma is a national professional health education honorary, designed specifically for professionals in health education in the United States and internationally. The three basic elements of teaching, research, and service form the basic purposes of the organization and the profession. Eta Sigma Gamma is comprised of Community Health Education and School Health Education majors at the University of Wisconsin- La Crosse.

We come to you asking for gift certificates, merchandise, and/or monetary donations (any amount is appreciated) that will help to make this event successful. The gift certificates and merchandise will be displayed as items in the silent auction for those in attendance to bid on. Eta Sigma Gamma will use the monetary donations and money raised from this event to educate the community and campus on the varying health issues that specifically target this demographic.

All donations from businesses and other organizations will receive recognition in the *Empowering People, Enriching Community with Eta Sigma Gamma* program brochure. We are inviting the students of UW- La Crosse and members of the community to help support our organization. Although the contributions may seem steep, they are going for a great cause. Please help to make *Empowering People, Enriching Community with Eta Sigma Gamma* a successful event!

Much Appreciated,

The Members of Eta Sigma Gamma

*Eta Sigma Gamma is a non-profit organization and all donations are deductible to the full extent of the law*
