Faculty Senate

Re: Nepotism Policy

At its meeting 12-3-10, the faculty approved the following recommendation from the Promotion, Tenure & Salary Committee:

In response to the charge from the Senate Executive Committee to review how the nepotism policy (as stated in section B-2 of the UW-L Handbook) impacts departmental voting and other administrative review procedures in light of the UW-L Spousal/Partner Hiring Policies and Procedures, the PTS Committee recommends ratifying the language of the final sentence to read:

"A person so related at any point in time must not participate either formally or informally in decisions to hire, retain, grant tenure, promote, or determine the salary of the other person."

RE: Nepotism Policy

On February 10, 2010, I received the Faculty Senate approval of a Nepotism Policy.

After consultation with appropriate parties, I approve the requested change to the Nepotism policy as recommended by the Promotion, Tenure & Salary Committee.
