

Friends,

We are writing to you because you are all a huge part of our theatrical family. As members of our family, we want to offer you the opportunity to be a part of an exciting new event.

As each play closes the memory of its stirring drama, fascinating characters, and spectacular scenery lives on within the walls of the theatre and the mind of its audience. Those of us who have shared in the magic of Toland Theatre productions know that the spirit of Marie Park Toland's dedication to quality educational theatre lives on within the very walls and seats of the theatre. The theatre 'Ghost Light' burns night after night keeping the fires of imagination alive. Now you can keep a special memory alive in the theatre and help out a worthy cause as well.

Those yellow and orange seats you have sat upon are 30 years old. They need to be replaced. You can help fund the seat replacements and create new memories.

Purchase a seat in honor of someone special!

For \$250.00 you can purchase a seat in honor of someone special in your life or in appreciation of your own theatrical memories. A small plaque will be attached to the back of a new chair and you will know you had a hand in keeping the memories alive and ensuring that future generations of theatre goers have a GOOD SEAT!

Sincerely,

William T. (Billy) Clow, Chair
