

Pre-Forestry

College of Science & Health

PRE-FORESTRY PROGRAM

Department of Biology

Some recommended science courses:

BIO 105	General Biology
BIO 204	Plant Biology
BIO 307	Ecology
BIO 404	Plant Taxonomy

Other Electives:

BIO 302	Introductory Plant Identification
BIO 306	Genetics
BIO 309	Entomology
BIO 315	Cell Biology

or

BIO 337	Plant Physiology
BIO 437	Plant Growth and Development

CHM 103	General Chemistry I
CHM 104	General Chemistry II
CHM 300	Survey of Organic Chemistry
CHM 301	Analytical Chemistry

ESC 101	Introduction to Earth Science
---------	-------------------------------

PHY 103	Fundamental Physics I
PHY 104	Fundamental Physics II
PHY ____	Upper division courses

MTH 145	Elementary Statistics
MTH 151	Pre-calculus or MTH 207 Calculus

ECO 110	Microeconomics and Public Policy
---------	----------------------------------

All students should consult the respective catalogue of the school to which they intend to transfer.
