

Alpha Phi

"Phi Buddies"

A **Phi Buddy** consists of a fellow sister who is willing to watch out for me, hold me accountable, and understands they are responsible for my actions as well as their own; and vice versa.

If I arrive at the designated meeting area intoxicated or under the influence of any illegal substance, my date (if it is a date social) and I will be sent home. However, my Phi Buddy (and her date) will not be sent home.

If it is not a date social and I arrive at the designated meeting area intoxicated or under the influence of any illegal substance I will be sent home or escorted home by an officer-in-charge. My Phi Buddy can still attend the social and will join another set of buddies or a single Phi.

I understand that I am not allowed to leave the social alone. If I must leave, I must first inform the officer/s in charge. I must leave via taxi at my own expense. I will either leave with my date or my Phi Buddy, depending on the structure of the social.

Once I leave the social event, I understand that Alpha Phi is no longer responsible for me and I am not allowed to return to the location of the social event under any circumstances.

I understand the guidelines as stated above and I agree to comply with them.
