

UNIVERSITY of WISCONSIN LA CROSSE

Dear friends, alumni and distinguished guests:

From our storied beginnings in 1909, when the La Crosse Normal School was founded, to our place of prominence today in 2017, the University of Wisconsin-La Crosse has grown into one of the best public universities in the country. Thus we can be proud of many things—in particular, today's graduating class.

Earlier this year, *U.S. News & World Report* ranked UWL No. 4 among public universities in the Midwest who offer undergraduate and master's programs, the highest ranking of any UW institution in this category. And we also are ranked in Kiplinger Magazine's list of the Top 100 Values in American Public Higher Education, further recognition of our strong national leadership in advanced education.

A commitment to excellence exists throughout the UWL campus, and the accomplishments listed on page 5 showcase some of our most notable achievements. But the greatest testament to our tradition of academic excellence is the group of outstanding students who make up today's graduating class. Each one of them is a point of pride, and we're so very grateful for that.

So on behalf of the staff and faculty here at UWL it's my pleasure to thank you for joining us today to celebrate the crowning achievement of the university experience. The future holds great promise for our graduates, and I hope you are as proud of them as we are!

Best wishes,

Joe Gow
Chancellor

The Alma Mater

Morning sun greets many banners	Colors dear, flag we love
On its westward way,	Float for aye;
Fair to us above all others	Old La Crosse to thee,
Waves maroon and gray.	May we all be ever loyal
	To thy memory.

Commencement ushers are members of the Vanguard organization and members of Alpha Xi Delta.

Note: Sound-enhancement earphones are available for hearing-impaired guests. Ask an usher if you would like to use the earphones.
Please return them to an usher after the ceremony.

A reception for graduates and their family and friends will be held immediately following the ceremonies.
Please proceed to South Hall to meet your graduate. A map of the La Crosse Center can be found on page 28.

Academic Dress

The academic apparel worn by faculty and staff in the processional has its origins in the universities of the Middle Ages. Because the universities grew out of church schools, both faculty and students were regarded as part of the clergy, and wore clerical clothing based on monastic dress.

The head covering developed from the skull cap worn to protect tonsured heads in cold weather. In the universities, the skull cap acquired a point at the top which gradually evolved into a tassel. In Europe, the bonnet with a tassel is still worn, but has been replaced in America by the mortar board cap or tam with a tassel.

The style of the gown may have been borrowed from the Benedictine monk's habit. In the Middle Ages, those with bachelor's and master's degrees could be distinguished by the simplicity or elaborateness of their gowns. The master's gowns were often furred, a decoration surviving as the three velvet bars now used on the sleeves of the doctoral gown.

The hood was originally worn over the head in bad weather, and otherwise dropped onto the shoulders. First worn by faculty and students, the hood is now added to the apparel of those with master's and doctoral degrees. The color of the velvet trim on the hood indicates the scholarly field, for example, dark blue (philosophy), golden yellow (science), light blue (education), pink (music), apricot (nursing), drab (business), and white (arts). The colors of the satin lining are those approved and authorized by the college or university from which the degree was earned.

Medallion Symbolizes Authority

Wearing a medallion or seal of office has been a symbol of authority since the Middle Ages. The seal marked official documents then; heads of institutions wore the seal around the neck to keep it in their possession. The chancellor's medallion features a design and materials that reflect UW-La Crosse. The mokume-gane or "wood grain metal" used is a specialty of the campus jewelry studio.

Mace Shows Quest for Truth

Once a weapon in medieval combat, the mace was adopted by universities as a symbol of the power of the quest for truth. The mace is carried in the commencement ceremony by a distinguished senior faculty member. William R. Fiorini, a UWL art professor, designed and made the medallion and mace, which were used for the first time at the inauguration of Chancellor Judith L. Kuipers in September 1992.

The mace and medallion were given to the University by Mary Hebbard and Ruth Nixon-Davy, professors emeriti. Silver plaques on the medallion box and mace stand acknowledge these gifts.

Symbols of Academic Achievement

Many undergraduate students are wearing items that reflect high academic achievement. Commencement Honors are designated by silver cords, and are worn by students who have at least a 3.50 cumulative grade point average. Those wearing gold cords have earned Commencement Highest Honors with at least a 3.75 average. Members of the Golden Key International Honour Society are wearing a medallion on a blue and gold neck ribbon. The organization is open to the top 15 percent of graduating seniors in various fields of study. Discipline-specific honor organizations are represented by a variety of other cords.

International Flags and Sashes

The international flags displayed on the commencement platform represent the home countries of international students attending the University. Sashes are worn by graduates who studied abroad. Each sash represents the country in which the student studied.

Even more reasons to be a proud UW-La Crosse graduate ...

- **UW-La Crosse was one of two schools in Wisconsin to make Kiplinger's Personal Finance's list of the top 100 best values in public colleges for 2017.** UWL ranked No. 44 for out-of-state students and No. 63 for in-state students.
- *U.S. News & World Report's* 2017 America's Best Regional Universities in the Midwest lists UWL as **the state's top and No. 4 public university in the Midwest** among institutions providing undergraduate and master's programs. It's the 16th consecutive year UWL has remained the state's top-ranked UW System comprehensive university.
- **UWL's biochemistry major received national accreditation in 2017,** just as demand for biochemists in Wisconsin is up. Now accredited by the American Society for Biochemistry and Molecular Biology ... a first in the UW System ... UWL's program is helping meet that demand.
- The latest campus building to open is also the latest to receive top marks for energy and environmental design. **The \$55 million, student-funded Student Union that opened in January has received LEED Gold Certification.** Both Centennial Hall and Eagle Hall received the prestigious certification when they opened in fall 2011.
- UWL's quality was noted in its **2016 reaccreditation by the Higher Learning Commission (HLC).** HLC reviews universities every 10 years through an extensive process culminating in a site visit. Accreditation affects many aspects of the university, including financial aid eligibility, course transfers, and the overall value of a degree.
- About **\$296 million in new building projects are complete or in progress on campus** since 2007. Another \$126 million in projects are planned through 2020.
- **College of Business Administration students had the highest first-time pass rate in the nation on the Certified Public Accountant exam** among undergraduate-only programs with more than 60 exam candidates. Among the 270 schools with both undergraduate and graduate programs, UWL was in the top 10 percent, No. 22 overall.
- **UWL's physician assistant program has a 100-percent pass rate on the Physician Assistant National Certifying Exam.** That, small class sizes, and partnerships with the Gundersen Medical Foundation and Mayo Clinic School of Health Science keeps the program attractive.
- **The College Band Director's National Association recognized the UWL Wind Ensemble** in spring 2017 as an elite group of just 10 programs nationwide in its "Small Program Band" competition.
- The men's track & field team won its record **18th indoor NCAA III title** in March 2017. It was the university's 70th overall national title.
- The women's gymnastics team won the **2016 National Collegiate Gymnastics Association Team Championship.** It was the 17th national title for Eagle gymnasts, a record unmatched by any other university.
- For 16 out of the past 17 years, UWL student-athletes posted the **highest combined GPA in the Wisconsin Intercollegiate Athletic Conference.** They finished with a cumulative 3.23 GPA in 2015-16.
- UWL Biology Professor Roger Haro received the **2015 Wisconsin Professor of the Year Award** from the Carnegie Foundation for the Advancement of Teaching. It was the fourth time in five years UWL faculty took the prestigious honor. Biology Professor Scott Cooper received the award in 2014, History Professor Víctor Macías-González in 2013 and History Professor Greg Wegner in 2011.
- UWL is **No. 1 in awarding physics degrees** among bachelor's degree granting programs in the country. UWL had an average of 31 physics degrees granted annually between 2011-13, making it tops nationally on the American Physical Society list released in spring 2015.
- The League of American Bicyclists recognized UWL with a **bronze-level Bicycle Friendly University award** in 2015. UWL is one of only five Wisconsin colleges to achieve the honor.
- Professor of Latin American History and Women's Gender and Sexuality Studies **Víctor M. Macías-González received the 2016 American Historical Association's Equity Award** for successfully recruiting and keeping under-represented racial and ethnic groups in the history profession. Macías-González was the 2014 Wisconsin Professor of the Year.
- UWL has been awarded the honor of **hosting the 2018 NCAA III Women's and Men's Outdoor Track & Field Championships.** In March 2017 UWL hosted the NCAA III Wrestling Championships.

2017 Outstanding Graduates

The Murphy Awards for Academic Excellence

recognize the University's top two graduating scholars, as chosen by the Scholarship and Awards Committee. A grant from the Murphy Foundation created the awards in 1980 to recognize outstanding and exceptional scholastic ability. Recipients receive \$1,500 and \$1,000, respectively.

Jonathan 'Jack' Flinchum graduates with a Bachelor of Science in psychology with minors in sociology and statistics. He was a member of several honor societies and other on-campus organizations, but his main involvement was research. As a freshman, he was a part of the Eagle Apprenticeship program. Flinchum continued in research during his academic career in a variety of fields including exercise and sport science, organizational behavior, psychology, and sociology. He presented at several research conferences, earned an on-campus grant, and has been published. Flinchum plans to attend the University of North Carolina at Charlotte to work toward a doctorate in organizational science. He would like to become actively involved in research as a business consultant or professor. He is the son of Phil and Cindy Flinchum, Waunakee.

Courtney Mumm graduates with degrees in statistics, with an actuarial science concentration, and finance, with a risk, insurance and financial planning concentration. She was treasurer of the UWL Volunteering Within Club, vice president of the UWL Actuary Science Club, a statistics tutor at the Murphy Learning Center, and a member of the Golden Key International Honor Society and the UWL Mathematics and Statistics Club. Mumm interned with UWL's Statistical Consulting Center and presented research at the National Conference on Undergraduate Research in spring 2016. She also participated in the Midwest Undergraduate Data Analytics Competition. Mumm has been hired as an actuarial analyst for State Farm Insurance Company in Bloomington, Illinois. She is the daughter of Jim and Sue Mumm, Lancaster.

The Jake and Janet Hoeschler Award for Excellence

recognizes a College of Business Administration graduate for academic accomplishment and leadership on campus and the community. Janet Hoeschler, a 1940 graduate, established the award in 1992 to signify a partnership of business and the university. Recipients receive \$1,500.

Benjamin Jordan graduates with a Bachelor of Science in economics and a minor in Spanish. Jordan was a four-year student-athlete for the men's track & field team. He served as chief justice to the UWL Student Association, working to resolve student organization disputes, adjudicate cases brought to the Student Court, and refine the UWL conflict resolution process. Jordan was an active member of the CBA honor society, Beta Gamma Sigma, and the men's track & field team representative on the Student Athlete Advisory Committee. After graduation, he plans to attend the UW Law School. Jordan plans to remain committed to community and campus volunteerism, and intends to become an attorney in corporate, international or immigration law. He is the son of Mitch and Cheryl Jordan, McFarland.

2017 Outstanding Graduates

The John E. Magerus Award for the Outstanding Graduating Senior from the College of Liberal Studies recognizes an outstanding graduate for academic accomplishments, leadership, and campus and community involvement. The award is named for Magerus, who retired in 2004 after 28 years of teaching and serving as an administrator in the college. Recipients receive \$1,000.

Rachel Ramthun graduates with a Bachelor of Arts in political science and public administration with a minor in economics. She was chair of the Segregated University Fee Allocation Committee, president of the Political Science and Public Administration Association, Learning Enrichment Coordinator at White Hall her sophomore year, and member of several other clubs and organizations. Ramthun completed undergraduate research on tax incremental financing and presented at the National Conference for Undergraduate Research, where she was published in the conference proceedings. Ramthun has published a piece about Old Abe the War Eagle on the website, WI101.org. She completed several internships and is currently the economic development intern for the City of La Crosse Department of Planning and Economic Development. She plans to attend graduate school for a Masters of Public Administration/ Affairs and would like to work in local government management. She is the daughter of Jeffery and Mary Ramthun, Waukesha.

The Strzelczyk Award in Science and Health recognizes an outstanding senior in the College of Science and Health for academic achievement, along with campus and community service. Robert, '54, and Judy Strzelczyk, who funded many physical therapy projects and scholarships, endowed the award in 1996. Recipients receive \$1,000.

Katie Davenport graduates with a Bachelor of Science in chemistry and a minor in biology. Davenport worked as an organic chemistry tutor, pioneered the supplemental instruction program in the Chemistry Department, and was an undergraduate research grant recipient studying factors affecting the stabilization of DNA. She also worked as a pharmacy technician at Walgreens and volunteered on a VIDA medical mission trip to Guatemala in summer 2016. Davenport plans to attend pharmacy school at UW-Madison and hopes to become a pharmacist in a Milwaukee area hospital. She is the daughter of Donna Davenport, New Berlin, and Dan Davenport, Mukwonago.

The Rosandich Graduate Thesis Award recognizes the best graduate thesis, based on originality, impact and written quality. The award is funded through generosity of Thomas P. Rosandich, '54, president of the U.S. Sports Academy in Daphne, Alabama. The recipient receives \$1,000.

Kayleigh Day graduated in August 2016 with a Master of Public Health. In 2011, she graduated from UWL with a Bachelor of Science in community health education and women's, gender, and sexuality studies. Day was a graduate assistant in the Health Education/Health Promotion Department. Her thesis research was "An Exploratory Study Assessing the Perceived Health and Workplace Health Promotion Needs of Monroe County Employees." Following graduation, Day continued working at Monroe County Health Department in Sparta as a community health educator. After spending time at the local level, she hopes to pursue a doctorate, along with teaching and conducting public health research. Day is the daughter of Michael and Amanda Day, Menomonee Falls. She is married to Eric Hammer.
