Actuarial Science: A Career Choice Worth Exploring?

Kristopher Presler, FSA MAAA
UW - Eau Claire

Some questions to be addressed in the presentation are:

1. What skills are needed to be an actuary?
2. Where do actuaries work?
3. What is the career outlook for actuaries?
4. How do I become an actuary?
5. What changes in the exam structure are being implemented in Spring 2005?
6. How do actuaries use mathematics?
