If this research is supported by a grant, does the grant include support for statistical consulting?

Yes _____ No _____

If you answered “Yes”, the Statistical Consulting Center will be paid \$ _____ for its services. Such payments provide partial support for Center activities.

ACKNOWLEDGMENTS/CO-AUTHORSHIP

- (1) Assistance should be noted in the acknowledgments accompanying the final version of a master’s thesis, doctoral dissertation, report, publication, presentation, et cetera.

The following format is recommended for these acknowledgments:

I would like to thank the Statistical Consulting Center at UW La Crosse for its assistance with _____;
however, any errors of fact or interpretation remain the sole responsibility of the author.

- (2) If the statistical consultant makes a major contribution to a project that would typically warrant co-authorship of a resulting scholarly publication or presentation, then the consultant should be included as a co-author.

I have read and agree with the above statements.

Signed: _____ Date: _____
