

Are you looking to energize your career? Are you a smart, motivated woman open to a career in a field you may not have considered? Think about the energy business. The production of electricity calls for a diverse workforce with a range of skills and experience. Plus, the pay and benefits are very competitive.

POWERFUL YOU

WOMEN IN ENERGY

Wednesday, Nov. 11
8 a.m. to noon

Western Technical College, La Crosse
Academic Resource Center, Room 200
400 Seventh Street North

**Event includes tour
of French Island
Power Plant**

Refreshments provided

You'll get a firsthand look at the French Island Power Plant and meet women "in power" from a range of jobs within Xcel Energy. You will be able to talk with employees about exploring your interest in and aptitude for a career with the company.

As a leading U.S. electricity and natural gas energy, Xcel Energy offers a comprehensive portfolio of energy-related products and services to 3.4 million electricity and 1.9 million natural gas customers in eight states. Xcel Energy is the No. 1 wind power provider in the nation, and the No. 1 renewable energy provider in Wisconsin.

POWERFUL YOU – Women in Energy will focus on various positions at Xcel Energy, such as designers, power plant operators and instrument and control specialists. The event is sponsored by University of Wisconsin-La Crosse, Viterbo University, Western Technical College and Xcel Energy.

Seating is limited. To register, call **800-328-8226** by Nov. 2, press "0" and ask for the Sky Park receptionist. If you receive a voice mail, please leave your name, phone number and e-mail address. When you register, we will send you a parking permit with directions, if necessary.
