Rep. Kind Commemorates UW-L Centennial

Washington, DC –U.S. Rep. Ron Kind (D-WI) today made the following statement in celebration of the 100th birthday of the University of Wisconsin – La Crosse this month.

“It is with great pride that I congratulate UW-La Crosse on its centennial birthday. For the past 100 years, the faculty, staff, and students have worked hard to make UW-La Crosse one of the most highly regarded public universities in the country.

“I was happy to commemorate this historic milestone with a resolution on the floor of the House of Representatives today, recognizing the university’s rich history of academic achievement and its continued growth as an institution.

“I have always treasured the strong emphasis western Wisconsin places on higher education. All of the six universities located in the district have superior technology, science, and math programs that will place graduates in the innovative industries of the future. As a leading public university that excels in academics, athletics, and quality of life for students, the education that UW-La Crosse provides will help graduates as they enter the highly competitive, global economy.

“I am proud to represent such an exceptional university that I know will reach even greater heights in the next 100 years.”
