*Safe, Confidential On-site Shredding  
Free and open to the public!*

**Altra Federal Credit Union, Confidential Records, Inc., and  
La Crosse Area Crime Stoppers are helping you fight Identity Theft!**

Bring up to 100 lbs (*about two large trash bags*) of paper items and watch them get shredded for free in Confidential Records, Inc. mobile shredding truck. Paper and file folders can be shredded with no need to remove staples, rubber bands, or paper clips. (Food items, three-ring binders, plastic, or foam packing materials are not allowed). Altra and La Crosse Area Crime Stoppers will be available to answer questions, and you can enter a drawing to win a personal shredder for your home or office.

*Confidential Records, Inc. (CRI) is the professional records management company that Altra relies on to destroy trash that might contain confidential information. At Altra, we separate all paper trash and everything containing member information is stored in locked shredding bins until CRI shreds those documents on-site. The shredded paper is baled, then taken to a paper mill for recycling.
