

# La Crosse BioResearch Forum

## 2010 Schedule

Hosted by the Center for Cancer and Blood Disorders,  
Gundersen Lutheran Medical Foundation  
12:15 p.m., Overholt Auditorium, Gundersen Lutheran

### January 18

**Human Cloning: An Ethical Divide**  
Bernard J. Hammes, PhD  
Medical Humanities, Gundersen Lutheran  
Medical Foundation

### February 18

**Modulation of the Host Immune System during  
Herpesvirus Latency: Potential Benefits of Chronic  
Viral Infection**  
Douglas W. White, MD  
Department of Rheumatology, Gundersen Lutheran

### March 15

**Inhibition of Template-Assisted Hemolysis via  
Negative Design Theory**  
Todd M. Weaver, PhD  
Department of Chemistry, UW-La Crosse

### April 15

**Saccharomyces Cerevisiae: A Good Model Organism  
for Studying Cell Cycle Genes that have Human  
Homologs Implicated in Cancer**  
Anne M. Galbraith, PhD  
Department of Biology and Institute for Biomolecular  
Sciences, UW-La Crosse

### May 17

**Trypanosome Cell Biology: How Studying a Neglected  
Disease of Africa May Lead to New Treatments of  
Disease in the United States**  
Nicholas J. Downey, PhD  
Department of Biology and Institute for Biomolecular  
Sciences, UW-La Crosse

### June 17

**Fat Feedback: Adipose Tissue Responses to Binge and  
Restrictive Eating**  
Margaret A. Maher, PhD, RD  
Department of Biology and Institute for Biomolecular  
Sciences, UW-La Crosse

### July 19

**Cancer Statistics in the United States: Trends and  
Projection for 2010**  
Ronald S. Go, MD  
Center for Cancer and Blood Disorders, Gundersen Lutheran

### August 19

**Targeting CD43 in Breast Cancer**  
Carl Simon Shelley, DPhil  
Hematology/Oncology Research, Gundersen Lutheran  
Medical Foundation

### September 20

**The Role of Medicinal Chemistry in Drug Development**  
Tammy J. Clark, PhD  
Department of Chemistry, Viterbo University

### October 21

**Assessment of Psychological Distress in Patients  
Suffering from Hematological Disorders**  
Craig E. Cole, MD  
Center for Cancer and Blood Disorders, Gundersen Lutheran

### November 15

**Evolution of a Minimally Invasive Bariatric Surgery  
Program: An Evidence Based Approach**  
Shanu N. Kothari, MD  
Bariatric Surgery, Gundersen Lutheran

### December 16

**Evolution of Breast Cancer Detection and Diagnosis  
with Implications for Future Treatment**  
Richard L. Ellis, MD  
Norma J. Vinger Center for Breast Care, Gundersen Lutheran
