2010-2011 Undergraduate Report

The percentages in this report represent the portion of graduates with whom we had contact, not the total number of graduates in the 2010-2011. The percent employed related to major and percent employed are of those graduates with whom we had contact who were seeking employment and do not include graduates who were not seeking employment or continuing their education. NR = none reported; * = average based fewer than five salaries.

| | total number of grads | no info | not seeking emp | | tinuing Ication | employed related to major | | employed not related to major | not employed | total employed | | average salary |
