Clery Act Compliance Statement

The Annual Security Report (ASR) is compiled in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, which was enacted by the United States Congress and signed into law by President George Bush in 1990. The purpose of this report is to relay pertinent Clery crime data to the campus community and its’ constituents (e.g., to provide general information regarding campus safety and security; to aid in the cooperative effort of creating a safer campus; to inform members of the community of institutional policies concerning campus security). Each fall semester, the Vice Chancellor for Student Affairs and Dean of Students sends the ASR via email to the campus community, including all students and staff. The ASR can be found at the following web address: https://www.uwlax.edu/Student-Life/Annual-Security-Report/. You may request a hard copy of the ASR during normal business hours (7:45 a.m. to 4:30 p.m.) by visiting the Student Life Office in 149 Graff Main Hall at 1725 State Street, La Crosse, WI 54601.

Information for this report is gathered by the Student Life Office through cooperation from the University of Wisconsin-La Crosse (UWL) Police Department (UWL PD), the City of La Crosse Police Department, the UWL Office of Residence Life, and the UWL Student Life Violence Prevention Officer. The Student Life Office compiles data obtained from police reports produced by University Police, incident reports generated from Residence Life and Student Life, and reporting data from the Violence Prevention Officer. In order to provide the most accurate statistics, it is requested that victims of and witnesses to Clery Law crimes and violations report them to personnel of the units/agencies above. All personal information will remain confidential for this report. Clery Law violations are defined as the following:

- Murder & Non-negligent manslaughter
- Negligent Manslaughter
- Forcible Sex Offenses
- Non-forcible Sex Offenses
- Robbery
- Aggravated Assault
- Burglary
- Motor Vehicle Theft
- Arson
- Weapons Law Violations
- Drug Law Violations
- Liquor Law Violations

For more information on the Clery Act, please see the U.S. Department of Education’s Handbook for Campus Safety and Security Reporting at: https://www2.ed.gov/admins/lead/safety/handbook.pdf
The University’s Public Safety Departments

The UWL PD is responsible for providing police and security services to the UW La-Crosse campus. UWL PD is a safety and security unit organized with the Police Services Department under the Office of Finance and Administration and the Chief of Police reports directly to the Vice Chancellor of that office. There are twelve (12) full-time uniformed police officers, and three civilian employees at the UWL PD. The UWL PD patrols campus by foot, bicycle, and vehicle. The Department officers enforce state, and local statutes in the form of University Regulations. As noted earlier, Police Officers are on duty 24-hours a day, seven days a week, 365 days a year.

Training

The UWL PD is staffed 24-hours a day, 365-days a year. Before employment, all police officers must meet the State of Wisconsin’s minimum requirements of training to be certified as a police officer. Upon being hired, all officers must complete a field-training program. Once this is completed all officers must complete yearly training that includes a variety of subjects including criminal law, civil law, public relations, race relations, interpersonal communication, crisis intervention, critical incident response, and all facets of protection of persons and property. Training includes guest lecturers, outside instructors, and department instructors. Training is conducted at various times throughout the year as special sessions, during an officer’s shift, and also conducted during daily roll call sessions. This training usually includes updates on existing problems, new court decisions impacting the University environment, and other timely topics. In addition, all UWL PD police and security personnel are certified in standard first aid, oxygen, AED, and CPR.
Working Relationships with Other Law Enforcement Agencies

The UWL PD maintains a close working relationship with the City of La Crosse Police (LCPD). In addition, UWL PD occasionally works with other law enforcement agencies in the area to include the WI Highway Patrol, State Department of Criminal Investigation, the La Crosse County Sheriff’s office, and other police departments in the immediate area. Meetings are held between the leaders of these agencies on both a formal and informal basis. The officers of LCPD and UWL PD communicate regularly on the scene of incidents that occur in and around the campus area. Police Investigators work closely with the investigative staff at LCPD when incidents arise that require joint investigative efforts, resources, crime related reports and exchanges of information. There is a written Memorandum of Understanding (MOU) between UWL PD and LCPD. This memorandum allows for a closer working relationship between the UWL Police and La Crosse Police Departments. Under this MOU, university police officers have jurisdictional authority in the City of La Crosse when a crime is observed or an investigation is needed.

Reporting Procedures

Reports of criminal actions or other emergencies occurring on the campus of UW La Crosse shall be made to the University Police Department (605 17th St N, Non-Emergency 789-9000, Emergency 789-9999). The dispatcher has radio contact with campus police officers that are on duty 24-hours per day, seven days per week. In accordance with §36.11(2), Wisconsin Statutes, UW La Crosse is staffed by police officers that meet the standards of the Wisconsin Law Enforcement Standards Board. They have the power to arrest and bring before the proper courts those persons who violate the law on university property. The university’s police officers cooperate with local police authorities in the exercise of their responsibilities. It is the policy of this university to encourage accurate and prompt reporting of all crimes when the victim of a crime elects to, or is unable to, make a report to UWL PD and/or City of La Crosse Police Department. The officers respond in accordance with departmental policies. These policies can be reviewed upon request at the University Police Department during normal business hours of Monday through Friday, 8:00am to 4:30 pm. University Police calls will be published in the campus newspaper and on the University Police website. Incidents that may pose an immediate threat to the campus community will be posted via the University e-mail system and may be considered for timely warning.
Access to Facilities at UW La Crosse

General access and use of the facilities of UW La Crosse is governed by Chapter UWS 21, Wisconsin Administrative Code and Institutional Policies, on file in the office of the Vice Chancellor for Business Services. Security is provided in the maintenance of the university’s facilities through a number of mechanisms, which includes limited hours of operation, enforced policies on key allocation, restricted access to those bearing proper identification as university staff or students, adequate lighting, and telephone call boxes for emergency assistance. Specific security procedures may vary with the type of university facilities.

The UWL campus is open to the public, with the exceptions of specific facilities that are fenced off for site protection or crowd control. All persons entering UWL property are required to abide by UW Regulations and policies during their stay. Academic and Residence Hall buildings have fluctuating schedules throughout the year. Information on hours can be found posted on many of the buildings or at the UWL website at www.uwlax.edu. Residence Halls are restricted to its residents, approved guests (see their policy at https://www.uwlax.edu/globalassets/offices-services/reslife/documents/orl-policies-and-procedures.pdf, and other approved members of the campus community.

Security of and Access to Residence Halls

Front Desk
Service desks are located in the front lobby of each Residence Hall. The front desk hours for each hall are as follows:
Monday-Thursday: 10 AM to midnight
Friday: 10 AM to 3 AM
Saturday: 11 AM to 3 AM
Sunday: 11 AM to midnight

Vacations
Residents in Eagle and Reuter Halls are permitted to stay in their rooms throughout all break periods (Thanksgiving, semester, and spring).
Residents in the other halls may stay in their room during the Thanksgiving and spring break periods but residents should notify their Hall Director they are staying and are advised that there are no dining options available. During the semester break period, these halls are closed and if a resident wishes to stay in La Crosse, it is their responsibility to locate a place to stay.
Room Entry by Staff

In case of an emergency, University officials reserve the right to enter and inspect residence hall rooms at any time. Staff will conduct regular inspections to protect and maintain the property of the University, the health and safety of its students, or whenever necessary to aid in the basic responsibility of the University to maintain an educational atmosphere or in an emergency situation. In such cases, effort will be made to notify the resident(s) in advance and to have the resident(s) present at the time of entry.

Residence Hall Access and Security

Front doors are unlocked from 10 a.m. to 10 p.m. weekdays and 11 a.m. to 10 p.m. Saturday and Sunday. For the safety of all residents, side and back doors are locked at all times. Card access to side and back doors is from 7 a.m. to 10 p.m. daily. During all other times, residents have access to the front door with their student ID card. Contact the Card Office (608-785-8891) immediately if a student ID card is lost. Residents are responsible for the security of their rooms. It is expected that residents lock their rooms when they are sleeping or not present.

Residents living in the residence halls are required to have their current student ID on them at all times; this aids in identification in emergencies and to ensure residents always have building access. Residents must promptly present their ID when requested by staff. Providing false ID is prohibited and may result in University Police being contacted.

Keys

Keys, University ID, or temporary door access cards are intended to provide room/mailbox/residence hall building access only to the individual to whom it is assigned. Residents are responsible for their key(s) and should carry them at all times.

Propping open any residence hall exterior door intended to remain closed and/or locked for safety and security reasons, including fire safety, is prohibited.

For security reasons, a lost key should be reported immediately to the Hall Director or Assistant Hall Director.

Safety Phones
There are outside safety phones on campus at the main entrance of each Residence Hall and other campus locations. Safety phones are identified with blue lights and ring directly to University Police (608-789-9999, 605 17th St N).

Student Staff Duty

In the evenings of Sunday through Thursday from 10 PM to 12:30 AM and the evenings of Friday and Saturday from 10 PM to 2:30 AM, student staff members (such as Resident Assistants and Desk Coordinators) will be on duty. (prior to Octoberfest Weekend fall semester, duty on Thursday nights goes 2:30AM) Duty rounds are made periodically throughout the evening. All doors are checked to make sure they are locked and secured. Student staff duty contact information is posted at the front desk. All staff carry a duty phone. After staff duty hours each night, calls are directed to hall professional staff or University Police.

Visitation and Overnight Guest Policy in Residence Halls

“Guests” are defined as anyone not currently assigned to the room in question. Overnight guests are not permitted until the roommate/suitemate agreement form has been completed and turned in to a Resident Assistant. In situations where roommates cannot agree about guests, the right of the person not to have guests in the room takes precedence over the privilege of hosting a guest. Residents must accompany their guests throughout the visit. Residents are responsible for the behavior of their guests and are responsible for informing their guests of residence hall policies. Alleged policy violations may prohibit the guest from remaining in the residence halls and/or may restrict future visits. Residents will only be held responsible for 11c if they are hosting a guest who is not a UWL student.

Residents are not permitted to give residence hall keys or interim/student ID cards to guests or other students.

Each room may be occupied by a maximum of two overnight guests per night. Overnight guests may stay a maximum of two nights in any residence hall within a seven-day period. Exceptions must be approved by the Hall Director prior to the guest’s arrival.

Guests, including guests from other residence halls, are not allowed during Oktoberfest weekend.

Maintenance of Campus Facilities

Facilities and landscaping are maintained in a manner that minimizes hazardous conditions. UWL PD regularly patrols the campus and reports malfunctioning lights and other unsafe physical conditions to Facilities Management for correction. This includes annual assessments of lighting and safety in conjunction with student governance and personnel from facilities and landscaping. Members of the University community are helpful when they report equipment problems to UWL PD or Facilities Management.
Violence and Crime Prevention

Since January 2007, UWL has had a Violence Prevention Specialist (VPS). This position was initially funded by a grant from the Office on Violence Against Women, but has since been fully funded by the University. The goal of the grant was to change the campus culture regarding violence against women. The VPS offers advocacy and support to students, faculty and staff affected by sexual assault, relationship violence, or stalking. The VPS works closely with other campus and community service providers, including the Office of Student Life, Counseling and Testing, campus and community law enforcement agencies, and campus and community health services, to ensure that the needs of each victim are met.

In addition to the Violence Prevention strategies, a broader Crime Prevention strategy has also been implemented by University Police in collaboration with the University as a whole. Included in these crime prevention strategies and goals:

- **Bait-Bike Program:**
  - GPS-Enabled bicycle to systematically reduce the theft of bicycles on campus through media disclosure.
  - GPS-Enabled laptop to systematically reduce the theft of electronics on campus.
  - Both laptop and bicycle are placed in conspicuous areas that would normally see thefts of such items.

- **A 6-week Self-Defense classes taught by campus police officers. Offered both in the fall and spring semester.**

- **Proactive community policing strategies:**
  - Police Liaison Program where University Police Officers have assigned halls to better engage students in helping prevent and report possible crimes.
  - Increased lighting around campus

Assisted by student volunteers, the Violence Prevention Specialist follows up on the “Think About It” course with a presentation to all incoming freshmen at New Student Orientation in September. The scope of the presentation includes statutorily required information, as well as warning signs of relationship violence and stalking, and online safety. The content of this presentation is mandated by Wisconsin State Statute 36.11(22):

1. Incorporate in its orientation program for newly entering students oral and written or electronic information on sexual assault and sexual harassment, as defined in s. 111.32 (13), including information on sexual assault by acquaintances of the victims and on all of the following:
   a. The legal definitions of, and penalties for, sexual assault under ss. 940.225, 948.02 and 948.025, sexual exploitation by a therapist under s. 940.22 and harassment under s. 947.013.
b. Generally available national and state statistics, and campus statistics as compiled under par. (c) and as reported under par. (d), on sexual assaults and on sexual assaults by acquaintances of the victims.

c. The rights of victims under Ch. 950 and the services available at the institution or college campus and in the community to assist a student who is the victim of sexual assault or sexual harassment.

d. Protective behaviors, including methods of recognizing and avoiding sexual assault and sexual harassment and locations in the community where courses on protective behaviors are provided.

2. Annually supply to all students enrolled in the institution or college campus printed or electronic material that includes all of the information under par. (a). Attendance at the presentation is mandatory. A separate orientation presentation is given each semester for new incoming International Students.

Additional prevention education and/or Awareness events this year included:

Sexual Assault

Sexual Assault Wisconsin Statute §36.11(22) requires institutions in the UW-System to disclose the number of sexual assaults that were reported within the calendar year in the following categories: "On Campus," "In Residence Halls," "Public Property," and "Off Campus." The assaults were reported by students seeking services at various University offices and were not necessarily reported to the police. For a complete description of educational programs to promote the awareness of rape, acquaintance rape, and other sex offenses, as well as disciplinary procedures for those incidents, refer to the Student Handbook on the Office of Student Life webpage: https://www.uwlax.edu/student-life/.

The Violence Prevention Office (VPO) is a resource that is available to assist with advocacy, information, and support for sexual assault, relationship violence, and stalking, so that individuals can make informed choices about the options available to them in these situations. Services are free and confidential.

The Violence Prevention Office is located at 149 Graff Main Hall. Contact Ingrid Peterson by calling (609) 785-8062, or email at ipeterson@uwlax.edu. For more information visit: http://www.uwlax.edu/violenceprevention/.

University Disciplinary Action

If you have been sexually assaulted by another student or group of students and are considering whether to seek disciplinary action against the assailant(s), you are encouraged to discuss the matter with the Student Life Violence Prevention Specialist (608-785-8062); or with The Student Life Assistant Dean of Students (608-785-8062) who will explain the University’s disciplinary process relating to sexual assault. This discussion does not obligate you to pursue official action. If you decide to take part in the University disciplinary process, you should contact The Student Life Assistant Dean of Students. All charges are handled in accordance with the procedures relating to violations of the University of Wisconsin System’s Code of Student Conduct under UWS 17 & UWS 18. Individuals accused of sexual assault may also be subject to certain interim measures pending the completion of the disciplinary process. Those students found responsible for violating the Code may be suspended or expelled. Pursuant to the University’s disciplinary procedures, both the accuser and the accused are entitled to have an advisor or support person present during the hearing. Students who allege sexual assault by another student may request a change in their academic and living situations on campus after the alleged incident takes place if such changes are reasonably available. Finally, in accordance with federal regulations, both the accuser and the accused will be informed of the outcome of any campus disciplinary proceeding alleging sexual assault. For more details on the campus disciplinary procedure, please refer to Chapters 17 and 18 which are detailed below.
The University will, upon written request, disclose to the alleged victim of a crime of violence (as that term is defined Appendix A to Part 99 Title 34, United States Code of Federal Regulations), or non-forcible sex offense, the final results of a University disciplinary proceeding against a student who is the alleged perpetrator. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim will be treated as the alleged victim for the purpose of this policy.

If you have been sexually assaulted or harassed by a non-student UW La Crosse employee, this is a violation of the law and University policy. Students should contact Nizam Arain, Director of Affirmative Action and Title IX Coordinator (608-785-8541) to discuss complaints.

Chapter UWS 17

Non-Academic Misconduct - Chapter UWS 17
Chapter UWS 17 is an administrative code adopted by the Board of Regents as a set of disciplinary procedures for the University System. These procedures describe the actions which the University may take in response to student misconduct; they define non-academic misconduct which is prohibited; and they outline procedures which are to be used in resolving allegations of misconduct. (Academic misconduct is covered in UWS 14).

UWS 17.01 Policy statement.
The missions of the University of Wisconsin System and its individual institutions can be realized only if the university’s teaching, learning, research and service activities occur in living and learning environments that are safe and free from violence, harassment, fraud, theft, disruption and intimidation. In promoting such environments, the university has a responsibility to address student nonacademic misconduct; this responsibility is separate from and independent of any civil or criminal action resulting from a student’s conduct. This chapter defines nonacademic misconduct, provides university procedures for effectively addressing misconduct, and offers educational responses to misconduct. The University of Wisconsin System is committed to respecting students’ constitutional rights. Nothing in this chapter is intended to restrict students’ constitutional rights, including rights of freedom of speech or to peaceably assemble with others.

UWS 17.02 Definitions. In this chapter:
(1) “Chief administrative officer” means the chancellor of an institution or dean of a campus or their designees.

**UWS 17.11 Disciplinary procedure.**

1. **PROCESS.** The investigating officer may proceed in accordance with this section to impose, subject to hearing and appeal rights, one or more of the disciplinary sanctions listed in s. UWS 17.10 (I).
2. **CONFERENCE WITH STUDENT.** When the investigating officer concludes that proceedings under this section are warranted, the investigating officer shall promptly contact the student in person, by telephone, or by electronic mail to offer to discuss the matter with the student. The purpose of this discussion is to permit the investigating officer to review with the student the basis for his or her belief that the student engaged in nonacademic misconduct, and to afford the student an opportunity to respond. If the student does not respond to the investigating officer’s offer to discuss the matter, the investigating officer may proceed to make a determination on the basis of the available information.
3. **DETERMINATION BY THE INVESTIGATING OFFICER THAT NO DISCIPLINARY SANCTION IS WARRANTED.** If, as a result of a discussion under sub. (2) or review of available information, the investigating officer determines that nonacademic misconduct did not in fact occur, or that no disciplinary sanction is warranted under the circumstances, the matter will be considered resolved without the necessity for further action.
4. **PROCESS FOLLOWING DETERMINATION BY THE INVESTIGATING OFFICER THAT NONACADEMIC MISCONDUCT OCCURRED.**

   a. If, as a result of a discussion under sub. (2) or review of available information, the investigating officer determines that nonacademic misconduct did occur and that one or more of the disciplinary sanctions listed under s. UWS 17.10 (I) should be recommended, the investigating officer shall prepare a written report which shall contain all of the following:
      1. A description of the alleged misconduct.
2. A description of all information available to the university regarding the alleged misconduct. Such information shall be available to the student upon request, except as may be precluded by applicable state or federal law.
4. Notice of the student's right to a hearing.
5. A copy of this chapter and of the institutional procedures adopted to implement this section.
   (b) The written report shall be delivered to the student.
   (c) A student who receives a written report under this section has the right to a hearing under s. UWS 17.12 to contest the determination that nonacademic misconduct occurred, the choice of disciplinary sanctions, or both.
1. Where the disciplinary sanction sought is one of those listed in s. UWS 17.10 (l) (a) to (g), and if the student desires a hearing, the student shall file a written request with the student affairs officer within 10 days of the date the written report is delivered to the student. If the student does not request a hearing within this period, the determination of nonacademic misconduct shall be regarded as final, and the disciplinary sanction sought shall be imposed.
2. Where the disciplinary sanction sought is one of those listed in s. UWS 17.10 (l) (h) to (j), the investigating officer shall forward a copy of the written report under par. (b) to the student affairs officer. The student affairs officer shall, upon receipt of the written report, proceed under s. UWS 17.12 to schedule a hearing on the matter. A hearing shall be conducted unless the student waives, in writing, the right to such a hearing.

**UWS 17.12 Hearing.**

(1) A student who requests a hearing, or for whom a hearing is scheduled under s. UWS 17.11 (4)(c) 2., shall have the right to decide whether the matter will be heard by a hearing examiner or a hearing committee.
(2) If a student requests a hearing under s. UWS 17.11 (4)(c) 1., or a hearing is required to be scheduled under s. UWS 17.11 (4) (c) 2., the student affairs officer shall take the necessary steps to convene the hearing and shall schedule it within 15 days of receipt of the request or written report. The hearing shall be conducted within 45 days of receipt of the request or written report, unless a different time period is mutually agreed upon by the student and investigating officer, or is ordered or permitted by the hearing examiner or committee.
(3) No less than 5 days in advance of the hearing, the hearing examiner or committee shall obtain from the investigating officer, in writing, a full explanation of the facts upon which the determination of misconduct was based, and shall provide the student with access to or copies of the investigating officer's explanation, together with any other materials provided to the hearing examiner or committee by the investigating officer, including any additional available information of the type described in s. UWS 17.11 (4)(a) 2.
(4) The hearing shall be conducted in accordance with the following guidance and requirements:
   (a) The hearing process shall further the educational purposes and reflect the university context of nonacademic misconduct proceedings. The process need not conform to state or federal rules of criminal or civil procedure, except as expressly provided in ch. UWS 17.
   (b) The student shall have the right to question adverse witnesses, the right to present information and witnesses, the right to be heard on his or her own behalf, and the right to be accompanied by an advisor of the student's choice. The advisor may be a lawyer. In cases where the recommended disciplinary sanction is
identified in s. UWS 17.10 (1) (a) to (h), the advisor may counsel the student, but may not directly question adverse witnesses, present information or witnesses, or speak on behalf of the student except at the discretion of the hearing examiner or committee. In cases where the recommended disciplinary sanction is identified in s. UWS 17.10 (1) (i) or (j), or where the student has been charged with a crime in connection with the same conduct for which the disciplinary sanction is sought, the advisor may question adverse witnesses, present information and witnesses, and speak on behalf of the student. In accordance with the educational purposes of the hearing, the student is expected to respond on his or her own behalf to questions asked of him or her during the hearing.

(c) The hearing examiner or committee:
1. Shall admit information that has reasonable value in proving the facts, but may exclude immaterial, irrelevant, or unduly repetitious testimony.
2. Shall observe recognized legal privileges.
3. May take reasonable steps to maintain order, and to adopt procedures for the questioning of a witness appropriate to the circumstances of that witness's testimony, provided; however, whatever procedure is adopted, the student is allowed to effectively question the witness.

(d) The hearing examiner or committee shall make a record of the hearing. The record shall include a verbatim record of the testimony, which may be a sound recording, and a file of the exhibits offered at the hearing. The student charged with misconduct may access the record, upon the student's request.

(e) The hearing examiner or committee shall prepare written findings of fact and a written statement of its decision based upon the record of the hearing.

(f) A hearing examiner's or committee's finding of nonacademic misconduct shall be based on one of the following:
1. Clear and convincing evidence, when the sanction to be imposed is one of those listed in s. UWS 17.10 (I) (h) to (j).
2. A preponderance of the evidence, when the sanction to be imposed is one of those listed in s. UWS 17.10 (I) (a) to (g).
3. A preponderance of the evidence, regardless of the sanction to be imposed, in all cases of sexual harassment and sexual assault.

(g) The hearing examiner or committee may impose one or more of the disciplinary sanctions listed in s. UWS 17.10 (I) (a) to (g) that differs from the recommendation of the investigating officer. Sanctions under s. UWS 17.10 (I) (h) to (j) may not be imposed unless previously recommended by the investigating officer.

(h) The hearing shall be conducted by the hearing examiner or committee, and the university's case against the student shall be presented by the investigating officer or his or her designee.

(i) The decision of the hearing examiner or committee shall be prepared within 14 days of the hearing, and delivered to the student. The decision shall become final within 14 days of the date on the written decision, unless an appeal is taken under s. UWS 17.13.

(j) If a party fails to appear at a scheduled hearing and to proceed, the hearing examiner or committee may either dismiss the case or, based upon the information provided, find that the student committed the misconduct alleged.

(k) Disciplinary hearings are subject to the Wisconsin open meetings law and may be closed if the student whose case is being heard requests a closed hearing or if the hearing examiner or committee determines that
it is necessary to hold a closed hearing, as permitted under the Wisconsin open meetings law. Deliberations of the committee shall be held in closed session, in accordance with s. 19.85, Stats. As such, proper notice and other applicable rules shall be followed.

UWS 17.13 Appeal to the chancellor.
(1) Where the sanction prescribed by the hearing examiner or committee is one of those listed in s. UWS 17.10 (I) (h) to (j), the student may appeal to the chief administrative officer within 14 days of the date of the written decision to review the decision of the hearing examiner or committee, based upon the record. In such a case, the chief administrative officer has 30 days from receipt of the student's appeal to respond and shall sustain the decision of the nonacademic misconduct hearing examiner or committee unless the chief administrative officer finds any of the following:
(a) The information in the record does not support the findings or decision of the hearing examiner or committee.
(b) Appropriate procedures were not followed by the nonacademic misconduct hearing examiner or committee and material prejudice to the student resulted.
(c) The decision was based on factors proscribed by state or federal law.
(2) If the chancellor makes a finding under sub. (1), the chancellor may return the matter for consideration by a different hearing examiner or committee, or may invoke an appropriate remedy of his or her own.

UWS 17.14 Discretionary appeal to the board of regents.
Institutional decisions under ss. UWS 17.11 to 17.13 shall be final, except that the board of regents may, at its discretion, grant a review upon the record.

UWS 17.15 Settlement.
The procedures set forth in this chapter allow the university and a student to enter into a settlement agreement regarding the alleged misconduct, after proper notice has been given. Any such agreement and its terms shall be in writing and signed by the student and the investigating officer or student affairs officer. The case is concluded when a copy of the signed agreement is delivered to the student.

UWS 17.16 Effect of discipline within the institution.
A student who, at the time of commencement, is subject to a continuing disciplinary sanction under s. UWS 17.10 (I) or unresolved disciplinary charges as a result of a report under s. UWS 17.11, shall not be awarded a degree during the pendency of the sanction or disciplinary proceeding.

UWS 17.17 Effect of suspension or expulsion within the university system.
(1) Suspension or expulsion shall be systemwide in effect and shall be noted on an individual's transcript, with suspension noted only for the duration of the suspension period.
(2) A student who is suspended from one institution in the University of Wisconsin System may not enroll in another institution in the system until the suspension has expired by its own terms, except as provided in s. UWS 17.18.

(3) A student who is expelled from one institution in the University of Wisconsin System may not enroll in another institution in the system, except as provided in s. UWS 17.18.

(4) A person who is in a state of suspension or expulsion from the university under this chapter, or who leaves or withdraws from the university while under nonacademic misconduct charges under this chapter, may not be present on any campus without the written consent of the chief administrative officer of that campus.

(5) Upon completion of a suspension period, a student who is academically eligible may re-enroll in the institution which suspended him or her, provided all conditions from previous disciplinary sanctions have been met.

UWS 17.18 Petition for restoration of rights after suspension or expulsion.

A student who has been suspended may petition to have his or her student status, rights, and privileges restored before the suspension has expired by its own terms under s. UWS 17.17 (2). A student who has been expelled may petition for the right to apply for readmission. The petition shall be in writing and directed to the chief administrative officer of the institution from which the student was suspended or expelled or of a different University of Wisconsin institution to which the student seeks admission. The chief administrative officer shall make the readmission decision.

UWS 17.19 Emergency suspension.

(1) The chief administrative officer may impose an emergency suspension on a student, pending final institutional action on a report of nonacademic misconduct, in accordance with the procedures of this section.

(2) The chief administrative officer of each institution may impose an emergency suspension on a student when all of the following conditions are met:

(a) The investigating officer has made a reasonable attempt to offer the student the opportunity for discussion, either in person or by telephone.

(b) The investigating officer recommends a sanction of suspension or expulsion.

(c) The chief administrative officer concludes, based on the available information, that the misconduct occurred and that the student’s continued presence on campus meets one or more of the following conditions:

1. Would constitute a potential for serious harm to the student.
2. Would constitute a potential for serious harm to others.
3. Would pose a threat of serious disruption of university-run or university-authorized activities.
4. Would constitute a potential for serious damage to university facilities or property.

(3) If the chief administrative officer determines that an emergency suspension is warranted under sub. (2), he or she shall promptly have written notification of the emergency suspension delivered to the student. The chief administrative officer's decision to impose an emergency suspension shall be effective immediately when delivered to the student and is final.
Where an emergency suspension is imposed, the hearing on the underlying allegations of misconduct shall be held, either on or outside of university lands, within 21 days of the imposition of the emergency suspension, unless the student agrees to a later date.

An emergency suspension imposed in accordance with this section shall be in effect until the decision in the hearing on the underlying charges pursuant to s. UWS 17.12 is rendered or the chief administrative officer rescinds the emergency suspension. In no case shall an emergency suspension remain in effect for longer than 30 days, unless the student agrees to a longer period.

If the chief administrative officer determines that none of the conditions specified in sub. (2) (c) are present, but that misconduct may have occurred, the case shall proceed in accordance with s. UWS 17.12.

The [Campus Sex Crimes Prevention Act](http://offender.doc.state.wi.us/public/home.jsp) is a federal law enacted on October 28, 2000 that provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education, or working or volunteering on campus. It also amends the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act to require institutions of higher education to issue a statement, in addition to other disclosures required under that Act, advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. To check registered sex offenders in Wisconsin, go to: [http://offender.doc.state.wi.us/public/home.jsp](http://offender.doc.state.wi.us/public/home.jsp). The following zip codes may be helpful in your search of the Department of Correction's website:

- 54601 - UW La Crosse
- 54601, 54602, or 54603 - City of La Crosse
- 54636 - Holmen
- 54650 - Onalaska
- 54669 - West Salem

Students who are enrolled in UWL courses which do not take place on the UWL campus, i.e., Learning Communities, you may wish to search using the appropriate zip code for that area.

**Violence Against Women Act**
The Violence Against Women Act (VAWA) amendments to the Clery Act expand the rights provided to victims and survivors of sexual assault, domestic violence, dating violence, and stalking. In addition to providing a host of resources for victims and survivors (including but not limited to Violence Prevention Officer, Counseling Center, Access Center, Student Health Center), provisions are made for adjudicating incidents of sexual assault, domestic violence, dating violence, and stalking in Chapter UWS 17 (i.e. Student Code of Conduct). Below is a detailed description of the disciplinary procedure, hearing process, and appeals process taken directly from Chapter 17.

**UWS 17.11 Disciplinary procedure.**

(1) **PROCESS.** The investigating officer may proceed in accordance with this section to impose, subject to hearing and appeal rights, one or more of the disciplinary sanctions listed in s. UWS 17.10 (1).

(2) **CONFERENCE WITH STUDENT.** When the investigating officer concludes that proceedings under this section are warranted, the investigating officer shall promptly contact the student in person, by telephone, or by electronic mail to offer to discuss the matter with the student. The purpose of this discussion is to permit the investigating officer to review with the student the basis for his or her belief that the student engaged in nonacademic misconduct, and to afford the student an opportunity to respond. If the student does not respond to the investigating officer’s offer to discuss the matter, the investigating officer may proceed to make a determination on the basis of the available information.

(3) **DETERMINATION BY THE INVESTIGATING OFFICER THAT NO DISCIPLINARY SANCTION IS WARRANTED.** If, as a result of a discussion under sub. (2) or review of available information, the investigating officer determines that nonacademic misconduct did not in fact occur, or that no disciplinary sanction is warranted under the circumstances, the matter will be considered resolved without the necessity for further action.

(4) **PROCESS FOLLOWING DETERMINATION BY THE INVESTIGATING OFFICER THAT NONACADEMIC MISCONDUCT OCCURRED.**

   (a) If, as a result of a discussion under sub. (2) or review of available information, the investigating officer determines that nonacademic misconduct did occur and that one or more of the disciplinary sanctions listed under s. UWS 17.10 (1) should be recommended, the investigating officer shall prepare a written report which shall contain all of the following:

   1. A description of the alleged misconduct.
   2. A description of all information available to the university regarding the alleged misconduct. Such information shall be available to the student upon request, except as may be precluded by applicable state or federal law.
   4. Notice of the student’s right to a hearing.
   5. A copy of this chapter and of the institutional procedures adopted to implement this section.

   (b) The written report shall be delivered to the student.

   (c) A student who receives a written report under this section has the right to a hearing under s. UWS 17.12 to contest the determination that nonacademic misconduct occurred, the choice of disciplinary sanctions, or both.

   1. Where the disciplinary sanction sought is one of those listed in s. UWS 17.10 (1) (a) to (g), and if the student desires a hearing, the student shall file a written request with the student affairs officer within 10 days
of the date the written report is delivered to the student. If the student does not request a hearing within this period, the determination of nonacademic misconduct shall be regarded as final, and the disciplinary sanction sought shall be imposed.

2. Where the disciplinary sanction sought is one of those listed in s. UWS 17.10 (l) (h) to (j), the investigating officer shall forward a copy of the written report under par. (b) to the student affairs officer. The student affairs officer shall, upon receipt of the written report, proceed under s. UWS 17.12 to schedule a hearing on the matter. A hearing shall be conducted unless the student waives, in writing, the right to such a hearing.

UWS 17.12 Hearing.

(1) A student who requests a hearing, or for whom a hearing is scheduled under s. UWS 17.11 (4)(c) 2., shall have the right to decide whether the matter will be heard by a hearing examiner or a hearing committee.
(2) If a student requests a hearing under s. UWS 17.11 (4)(c) 1., or a hearing is required to be scheduled under s. UWS 17.11 (4) (c) 2., the student affairs officer shall take the necessary steps to convene the hearing and shall schedule it within 15 days of receipt of the request or written report. The hearing shall be conducted within 45 days of receipt of the request or written report, unless a different time period is mutually agreed upon by the student and investigating officer, or is ordered or permitted by the hearing examiner or committee.
(3) No less than 5 days in advance of the hearing, the hearing examiner or committee shall obtain from the investigating officer, in writing, a full explanation of the facts upon which the determination of misconduct was based, and shall provide the student with access to or copies of the investigating officer's explanation, together with any other materials provided to the hearing examiner or committee by the investigating officer, including any additional available information of the type described in s. UWS 17.11 (4)(a) 2.
(4) The hearing shall be conducted in accordance with the following guidance and requirements:
   (a) The hearing process shall further the educational purposes and reflect the university context of nonacademic misconduct proceedings. The process need not conform to state or federal rules of criminal or civil procedure, except as expressly provided in ch. UWS 17.
   (b) The student shall have the right to question adverse witnesses, the right to present information and witnesses, the right to be heard on his or her own behalf, and the right to be accompanied by an advisor of the student's choice. The advisor may be a lawyer. In cases where the recommended disciplinary sanction is identified in s. UWS 17.10 (1) (a) to (h), the advisor may counsel the student, but may not directly question adverse witnesses, present information or witnesses, or speak on behalf of the student except at the discretion of the hearing examiner or committee. In cases where the recommended disciplinary sanction is identified in s. UWS 17.10 (1) (i) or (j), or where the student has been charged with a crime in connection with the same conduct for which the disciplinary sanction is sought, the advisor may question adverse witnesses, present information and witnesses, and speak on behalf of the student. In accordance with the educational purposes of the hearing, the student is expected to respond on his or her own behalf to questions asked of him or her during the hearing.
   (c) The hearing examiner or committee:
      1. Shall admit information that has reasonable value in proving the facts, but may exclude immaterial, irrelevant, or unduly repetitious testimony.
2. Shall observe recognized legal privileges.

3. May take reasonable steps to maintain order, and to adopt procedures for the questioning of a witness appropriate to the circumstances of that witness's testimony, provided; however, whatever procedure is adopted, the student is allowed to effectively question the witness.

(d) The hearing examiner or committee shall make a record of the hearing. The record shall include a verbatim record of the testimony, which may be a sound recording, and a file of the exhibits offered at the hearing. The student charged with misconduct may access the record, upon the student's request.

(e) The hearing examiner or committee shall prepare written findings of fact and a written statement of its decision based upon the record of the hearing.

(f) A hearing examiner's or committee's finding of nonacademic misconduct shall be based on one of the following:

1. Clear and convincing evidence, when the sanction to be imposed is one of those listed in s. UWS 17.10 (I) (h) to (j).

2. A preponderance of the evidence, when the sanction to be imposed is one of those listed in s. UWS 17.10 (I) (a) to (g).

3. A preponderance of the evidence, regardless of the sanction to be imposed, in all cases of sexual harassment and sexual assault.

(g) The hearing examiner or committee may impose one or more of the disciplinary sanctions listed in s. UWS 17.10 (I) (a) to (g) that differs from the recommendation of the investigating officer. Sanctions under s. UWS 17.10 (I) (h) to (j) may not be imposed unless previously recommended by the investigating officer.

(h) The hearing shall be conducted by the hearing examiner or committee, and the university's case against the student shall be presented by the investigating officer or his or her designee.

(i) The decision of the hearing examiner or committee shall be prepared within 14 days of the hearing, and delivered to the student. The decision shall become final within 14 days of the date on the written decision, unless an appeal is taken under s. UWS 17.13.

(j) If a party fails to appear at a scheduled hearing and to proceed, the hearing examiner or committee may either dismiss the case or, based upon the information provided, find that the student committed the misconduct alleged.

(k) Disciplinary hearings are subject to the Wisconsin open meetings law and may be closed if the student whose case is being heard requests a closed hearing or if the hearing examiner or committee determines that it is necessary to hold a closed hearing, as permitted under the Wisconsin open meetings law. Deliberations of the committee shall be held in closed session, in accordance with s. 19.85, Stats. As such, proper notice and other applicable rules shall be followed.

**UWS 17.13 Appeal to the chancellor.**

(1) Where the sanction prescribed by the hearing examiner or committee is one of those listed in s. UWS 17.10 (I) (h) to (j), the student may appeal to the chief administrative officer within 14 days of the date of the written decision to review the decision of the hearing examiner or committee, based upon the record. In such a case, the chief administrative officer has 30 days from receipt of the student's appeal to respond and shall sustain the decision of the nonacademic misconduct hearing examiner or committee unless the chief administrative officer finds any of the following:
(a) The information in the record does not support the findings or decision of the hearing examiner or committee.
(b) Appropriate procedures were not followed by the nonacademic misconduct hearing examiner or committee and material prejudice to the student resulted.
(c) The decision was based on factors proscribed by state or federal law.
(2) If the chancellor makes a finding under sub. (I), the chancellor may return the matter for consideration by a different hearing examiner or committee, or may invoke an appropriate remedy of his or her own.

**UWS 17.14 Discretionary appeal to the board of regents.**

Institutional decisions under ss. UWS 17.11 to 17.13 shall be final, except that the board of regents may, at its discretion, grant a review upon the record.

**UWS 17.15 Settlement.**

The procedures set forth in this chapter allow the university and a student to enter into a settlement agreement regarding the alleged misconduct, after proper notice has been given. Any such agreement and its terms shall be in writing and signed by the student and the investigating officer or student affairs officer. The case is concluded when a copy of the signed agreement is delivered to the student.
The following crimes and incidents on the UW La Crosse campus were reported to the University Police and UWL Campus Security Authorities.

Timely Warning Notice Protocol

The Clery Act requires institutions to alert the campus community to only crimes reported to Campus Security Authorities, Campus Police and the City of La Crosse Police Department (criminal homicide, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, and arson) in a manner that is timely and will aid in the prevention of similar crimes. This includes crimes where the circumstances indicate that there may be a serious or continuing threat to students or employees. The decision to issue a timely warning must be decided on a case-by-case basis in light of all the facts surrounding a crime, including such factors as:

- The nature of the crime
- The continuing danger to the campus community
- The possible risk of compromising law enforcement efforts

A timely warning will be issued at UW La Crosse when a threat level is determined and as soon as pertinent information is available. UW La Crosse Police Services (605 17th St N, 608.789.9000) will distribute timely warning notices in consultation with the Student Life Office, University Communications, and the Chancellor’s Office as appropriate. Notifications are generally written by the Chief of Police or a designee. Notifications may be done through email, fliers, and/or postings as appropriate to the situation. The reporter’s/victim’s identity will be withheld as confidential for timely warning purposes.

Emergency Evacuation Procedures and Policies

Emergency Response

University departments are responsible for developing contingency plans and continuity of operations plans for their staff and areas of responsibility. The University conducts emergency response exercises, such as tabletop exercises, field exercises, and tests of the emergency notification systems on campus. Using Code Red, a test message is sent out to ensure its functionality. Fire Alarm Drills are conducted each year in non-Resident Halls at the beginning of the fall semester. Residence Hall Fire Alarm Test/Drills are conducted once a semester. These tests/drill are accompanied by a University Police Officer to ensure compliance of the activation of each test/drill. These include coordinating tests with the surrounding communities, county and state organizations. These tests are designed to assess and evaluate the emergency plans and capabilities of the institution. UWL Police Officers and supervisors have received training in Incident Command and Responding to Critical Incidents on Campus. The Incident Command System (ICS) is utilized when responding to incidents with other UWL departments, as well as local public safety agencies to manage, mitigate, and recover from critical incidents. The incident command system allows for a more efficient flow of information. ICS also establishes emergency leaders in the affected area to direct resources where they are most needed.
General information about the emergency response and evacuation procedures for UWL are publicized each year as part of the University’s Clery Act compliance efforts, and is available on the UWL Police websites. The Emergency Response plan is listed below and on www.uwlax.edu/police

University of Wisconsin-La Crosse
Emergency Response and Preparedness Plan

I. Purpose

The purpose of the emergency procedures outlined in this plan is to provide protection to the lives, property, and operations through the effective use of university, community, county, and state resources. This document has been developed to provide an organizational and procedural framework for the management of emergency situations through the coordination between the University and other government and emergency units. Additionally, it has been designed to provide a basic contingency manual for the administration of the University in order to plan for campus emergencies. The plan does not cover every conceivable situation; it does, however, supply the basic administrative guidelines necessary to cope with most campus emergencies.

It is understood that the University of Wisconsin-La Crosse will make every effort to respond to individuals who are affected by a crisis or emergency with compassion and concern.

III. Application

This plan applies to all faculty, staff, employees, students and visitors. It encompasses all buildings and grounds owned and operated by the University.

IV. Responsibility for Compliance

The development and administration of this Emergency Response and Preparedness Plan is the responsibility of the Chief of University Police.

V. Definitions of Emergencies

The University Police Chief, or their assigned designee, will serve as the Campus Emergency Director during any major emergency or disaster. The following definitions of an emergency are provided as guidelines to assist the campus emergency staff in determining the appropriate response:

1. **Minor Emergency:** Any incident which does not seriously affect the overall functional capacity of the University, such as minor plumbing problems or an inoperative elevator.
2. **Major Emergency:** Any incident which affects an entire building or buildings and which will disrupt the overall operations of the University. Examples are a building fire or chemical spill during which outside emergency services will probably be required, as well as major efforts from campus support services. Major policy considerations and decisions will usually be required from the University Administration during times of crises. The Central Emergency Command Post in the Police Services Office will be activated by the Chief of University Police or their designee.

3. **Disaster:** Any event or occurrence which has taken place and has seriously impaired or halted the operations of the University. In some cases, mass personnel casualties and severe property damage may be sustained. A coordinated effort of all campus-wide resources is required to effectively control the situation. Outside emergency services will be essential. In all cases of disaster, the Central Emergency Command Post (Police Services Office) will be activated and the appropriate support and operational plans will be executed.

The types of emergencies covered in this manual are:

VI. Emergency Response
Regardless of the time of day, immediate contact should be made with those persons who are best able to provide the needed services in response to an emergency. In all life threatening emergencies dial 911. If you have additional information, follow up with a call to University Police at 608-789-9999. All other emergencies should be directed to University Police at 608-789-9999. University Police and Telephone Services staff will be responsible for contacting designated responders and administrative officials and initiating the specific guidelines in this plan.

It is not the intent of this document to address off-campus emergencies. If a life-threatening emergency occurs while on University business, dial 911. If 911 is not available in the area, dial 0 for the local operator. Follow up with a call to University Police at 608-789-9999.

Your personal safety is of utmost concern. Take appropriate precautions to assure your personal safety.

A  Airborne Releases

**University Police: Designated Emergency Response Number: 608-789-9999**
**UWL Physical Plant/Facilities Services: 608-785-8585**

The County Local Emergency Planning Committee has developed a plan in accordance with Federal and State laws to help respond to an airborne release of hazardous substances. University Police will be notified in the event of an airborne release. The University Police Department will then notify University administration, directors, and other campus personnel. University Police will contact UWL
Physical Plant Facilities Services to request that all ventilation systems components be shut down. During an airborne release, follow these steps:

1. If directed, evacuate the building site and move to a designated safe location.
2. If not informed to evacuate, close all windows and doors to the outside.
3. If the airborne release starts to bother you, hold a wet cloth or handkerchief over your nose and mouth.
4. Minimize the use of elevators in buildings. These tend to "pump" outdoor air in and out of a building as they travel up and down.
5. Tune to the emergency broadcast station on (on campus WLSU 88.9 FM) your radio or television for further information and guidance.

The lead time of an airborne release incident could be from zero to thirty minutes. As a result, this short time may not allow for a safe evacuation. An evacuation under these conditions may expose the population to airborne hazardous substances; therefore, the recommendation is to shelter in place.

Preferred areas for protective sheltering would be interior hallways, rooms without windows or exterior doors, enclosed stairways, and rooms on the side of the building away from where the hazard is approaching.

Note: This procedure relates to both on and off campus airborne releases.

B Bitter Cold Weather (Municipal Power Failure)

University Police: Designated Emergency Response Number: 608-789-9999

1. If, during bitter cold weather, residences of the city of La Crosse suffer a power failure, the university will offer the use of Mitchell Hall, or Recreational Eagle Center building, as designated by the Chief of University Police.

3. The La Crosse County Emergency Government, Red Cross, and the Salvation Army will supervise those people being housed at UW-La Crosse.
4. The Chief of University Police will contact the building directors for those buildings being used for this event. The building directors will notify the department chairs so that, if needed, alternate plans be made for any affected classes.

J Inclement Weather Plan

- UWL’s inclement weather plan is invoked in the most serious times when conditions make travel to and from campus dangerously imprudent or other events cause serious safety concerns.
  1. When inclement weather (dangerous temperatures, snow, ice, wind or rain) occurs, University Police will confer with the Provost/Vice Chancellor prior to 5:45 a.m. for day classes and 1:45 p.m. for evening classes and events to determine if classes and events are cancelled. If the Provost/Vice Chancellor is unavailable, the next designee, the Vice Chancellor for Administration and Finance will be contacted. Based on changing conditions, the plan can be implemented at any time.
  2. A determination of closure means all university classes and events are cancelled. It is State policy to keep state offices open even when severe weather exists. University Police notifies University Communications which, in turn, will notify news media.
  3. Hourly classified employees who do not report to work, report late, or leave work before the end of the work day because of weather conditions will be allowed to make up lost time during the remainder of the work week, as much time as is beneficial to the work unit. Make up time shall be at the regular rate of pay. Hourly employees may also take leave without pay, vacation, personal holiday, or compensatory time to cover absence. If specific contract language differs from this policy, the contract prevails.
  4. Salaried classified and unclassified employees may use available annual leave (vacation), compensatory time, available holidays, or leave without pay to cover inclement weather absences. An employee and the employee’s supervisor may agree that the employee can account for the time of the absence in another manner consistent with the professional nature of the employee's work assignment.
  5. When the Governor closes State government offices this DOES NOT mean the UW System or UW-La Crosse.

3. Until help arrives, be pleasant, considerate, and understanding to avoid aggravating the situation.
4. Do not argue with the individual. Try to determine and accept the individual's point of view. Do not confront/detain the individual if he/she is violent/combative.
5. If another person is available and able to leave the area, have them meet University Police at the entrance to the building and provide up-to-date information.
6. Notify the Director of the UWL Counseling and Testing Center.

P  Radiation Emergency

(Note: UW-La Crosse has no radioactive materials that would pose an airborne radiation hazard, unless the materials were involved in an explosion.)

University Police: Designated Emergency Response Number: 608-789-9999

1. In case of an emergency call University Police at the emergency number and the Radiation Safety Office at 608-785-6458.
2. If a skin wound occurs, thoroughly wash it with running water, allow some bleeding and then bandage. The Radiation Safety Officer or other personnel trained in use of radiation monitors will evaluate the injured person(s) for radioactive contamination.
3. If any clothing items are contaminated with radioactive materials, remove the clothes and place them in designated collection containers or plastic bags. These items will be cleaned or disposed. THE CONTAMINATED CLOTHES AND PERSONS MUST NOT LEAVE the laboratory or established decontamination zone until the Radiation Safety Officer checks them. A decontamination zone or emergency response services should not provide patient care in a contaminated area.
4. Mark any contaminated surface areas as demonstrated by your instructor/supervisor. Clean up the spill following previously conveyed directions of the Radiation Safety Officer or under the direction of the Radiation Safety Officer.
5. Thoroughly wash your hands and other exposed body areas until the radiation monitor indicates the absence of contamination.
6. Prevent access into the spill area until authorized by the Radiation Safety Officer.
7. Personnel without radiation badges or other personal radiation dosimeter must not enter the spill area.
Sexual Assault

**University Police: Designated Emergency Response Number: 608-789-9999**
**UWL Dispatch: 608-789-9000**

1. In the event of a case of sexual assault, UWL dispatch will take the following action:
   a. Immediately send a University Police officer to the scene.

2. The officer will assess the situation and determine if the incident involved force or attempted use of force.

3. If force was involved, the officer will contact a police supervisor promptly. A decision regarding potential mutual aid will be made.

4. The following procedure should apply:
   a. Attempt to obtain written statements from the victim including non-consent to the offense, if applicable. The interviews should be conducted outside the suspect's presence. Do not ask the victim if they want to press charges.
   b. Attempt to obtain a signed medical release from the victim(s).
   c. Prepare an area where the photographs can be taken if needed. The victim should be encouraged to contact New Horizons and Counseling & Testing for support and intervention.
   d. Attempt to obtain statements from the witnesses.
   e. Complete a follow-up investigation including suspect interviews.
   f. The information is shared only with those offices with a need to know. Depending on the residence of the student, the type of emergency or the follow-up required, the list of offices with a need to know will vary from one situation to the next. Care must be taken to protect the confidentiality of the individual/s involved as much as possible throughout the process.

5. The officer will notify the Director of the Counseling and Testing Center.

6. Inter-Agency Cooperation - Prosecuting Attorney's Office
   a. The Chief of University Police will monitor sexual assault related reports and inform the District Attorney.
   b. University Police personnel will work with the District Attorney and Victim's Witness Unit when additional information or evidence is requested.
   c. The Chief of University Police will be responsible for on-campus notifications and distribution of reports to university resources and departments as appropriate.
R  Tornado/Severe Weather

University Police: Designated Emergency Response Number: 608-789-9999

A tornado watch/severe weather watch means tornadoes are likely to develop. Employees are expected to be alert to changing weather situations and be prepared to take action if upgraded to a warning. A tornado warning means a tornado has been spotted in the immediate area. Employees/students are expected to take the following action.
1. If you receive notification of a Tornado warning or sight a tornado, move to the lowest level in an interior hallway of the building as quickly as possible.
2. Stay away from windows and areas with a large expanse of glass.
3. Avoid auditoriums, gymnasiums, and other large rooms with free-span roofs.
4. DO NOT USE ELEVATORS.
5. If persons with disabilities cannot safely move to the lowest level, assist them to an interior hallway away from windows and areas with a large expanse of glass.
6. Protect your head and face. If possible, get under a sturdy table or other structure.

S  Unsafe Water Supply

University Police: Designated Emergency Response Number: 608-789-9999

This procedure addresses actions to be taken after notification by the city of La Crosse Water Utility that harmful contaminants have been identified in the water supply. La Crosse Water Utility is required by state and federal law to inform the campus of a violation of the maximum contaminant level for certain contaminants in water. Once the La Crosse Water Utility has notified UWL University Police, you will be notified to take the following steps:
1. Do not consume campus water.
2. If bacterial contaminants are present, all water used for drinking, cooking, or washing of eating utensils should be boiled at a rolling boil for at least five (5) minutes.
3. Ice and any beverages prepared with contaminated water should be discarded.
4. Continue the no use and/or water boil order until the city of La Crosse Water Utility or University Police notifies you that the city has rescinded the warning or alert.
Violent or Criminal Behavior

**Life Threatening Number: 911**  
**University Police: Designated Emergency Response Number: 608-789-9999**

Everyone on campus will be expected to assist in providing a safe environment by being alert to suspicious behavior and promptly reporting the situation to University Police at the designated emergency response number.

1. If you are a victim, observe a criminal act, or observe a suspicious person on campus, immediately notify University Police at the designated emergency response number and report the incident, including the following:
   a. Your name
   b. Nature of the incident
   c. Location, date, and time of incident
   d. Description of person(s) involved
   e. Description of property involved

2. Assist the officer(s) when they arrive by providing additional information upon request.

3. Take the following action if you are a victim of a property crime:
   a. Go to a safe place and notify University Police.
   b. Do not touch anything.
   c. Meet with the officer at the location the officer requests.
   d. Explain to the officer everything you observed, including telling the officer if you did touch or move anything. Follow the officer's instructions.

4. Take the following action if you are a victim of a violent/personal crime:
   a. Be observant! The more information you can provide, the better chance the criminal will be apprehended.
      
      Remember: Whatever you decide to do, you must be prepared both mentally and physically. Your safety is the most important thing to remember during any attack.
   b. As soon as possible get to a safe place and notify University Police at the Designated Emergency Response Number. Advise officers of the nature of the incident, location, if medical assistance is needed, and a description of the person(s) involved.
   c. Meet with the officer. Follow the officer's instructions.
XIII. Transportation

In case of medical emergencies and when emergency transport is necessary, a private ambulance service will provide the transportation. Emergency transport is requested through the 911 Emergency dispatch center. The UWL patrol vehicle may be used for non-emergency medical cases only. The patrol vehicle can be contacted by calling the designated emergency response number for University Police (608-789-9999). Generally, it is advised that individual faculty, staff or students not take responsibility for transporting a person involved with any health emergency.

In the case of protective custody or emergency detention where a restraint is necessary, University Police will be involved directly with transportation.

XIV. Evacuation Procedures for Persons with Disabilities

Every individual must accept personal responsibility for getting out of a building during an emergency. Even though emergency personnel are usually available to assist with evacuation, this may not always be the case. Alternative plans and arrangements made in advance of an emergency will increase the likelihood that individuals will be able to exit a building safely in the event of an emergency. This is even more critical to the safety of those individuals with mobility impairments because the use of elevators during emergencies is dangerous and should be avoided. Thus, individuals will need to use alternative methods of leaving a building. Because of constantly changing populations and building occupancy patterns, it is not possible for the University to make reliable arrangements for the evacuation of specific individuals from the many buildings they may occupy in the course of a week. In the absence of this ability, the following suggestions are advised for individuals to increase the chances of their safe evacuation from a building in an emergency situation.

Recommendations for persons with disabilities or persons who provide assistance to persons with disabilities are included in the following list.

1. Contact in advance the Disability Resource Services Office to discuss building evacuation procedures for individuals with disabilities.
2. Identify in advance and be familiar with at least two exit routes from every area and building you occupy. An emergency exit route should not include an elevator.
3. Identify in advance possible volunteers, such as classmates, faculty or fellow workers who are willing and able to assist you to evacuate. Make specific arrangements for their assistance.
4. If you are unable to exit a building, contact University Police or civil authorities or arrange others to inform University Police or civil authorities with your location.
5. Know the safest method people could use to assist you. Know how many people you need to provide you that assistance.
6. If you use a wheelchair, be prepared to explain how and where persons should support you. Practice instructions beforehand.
7. If you have difficulty being understood, develop a card containing all appropriate instructions and carry it with you.
8. Carry a loud whistle or similar device you can operate for use in the event you become trapped.
9. Individuals who need to work in isolated areas after normal building occupancy hours should determine telephone availability. If a telephone is not available, they should contact University Police in advance and provide their location and occupancy times.

XV. Building Floor Plans

Updated building floor plan maps will be posted on each floor within all campus buildings. The maps provide information on evacuation routes.

XVI. The Complete Crisis Plan/Check-Off List

Upon notification of a campus state of emergency, University Police and/or the UWL dispatch operator shall start the notifications and the completion of the Emergency Response Checklist. Each campus emergency will present hazards and situations unique to that emergency. It will be imperative that University Police notify the proper personnel in a timely manner. Once the Crisis Team is notified, they will have the flexibility to respond to the incident as they deem proper for the situation at hand. The Emergency Phone Numbers provides a complete listing of individuals and/or agencies that can respond to a particular emergency.

It will also be the responsibility of University Police to ensure the appropriate response (internal or external) for clean-up and decontamination when there is a spill of blood or other potentially infectious materials from an incident.

XVII. Compliance & Assessment

The University Police will work with other campus departments and offices to ensure an evaluation of any significant crisis response is conducted after the incident.

Recommendations for response improvements and other corrective action will be forwarded to an Emergency Planning standing committee to be reviewed for input into the campus Emergency Response and Preparedness Plan.

Notification to the Campus Community about an Imminent Threat

When the UWL Police (605 17th St N., 608-789-9000), in collaboration with Emergency management from the surrounding area, including, but not limited to: La Crosse Police, La Crosse Fire, La Crosse County Sheriff’s...
Office, and La Crosse County Emergency management confirms, by facts, severity, and incident that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the campus community, The University Chief of Police (or his/her designee), Chancellor, Vice Chancellor(s), Director of Residence Life, Vice Chancellor/Dean of Students, in collaboration with University Communications Department and may include: La Crosse Police Chief (or his/her designee), La Crosse Fire Chief (or his/her designee), La Crosse County Sheriff (or his/her designee) and the La Crosse County Emergency Management Director will determine the content of the message and will use some or all of the available systems to communicate immediately, the threat to the campus community or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population.

UWL Police (605 17th St. N., 608-789-9000) and if possible in cooperation with The Chancellor, Vice Chancellor(s), Director of Residence Life, Vice Chancellor/Dean of Students, in collaboration with University Communications Department and may include: La Crosse Police Chief (or his/her designee), La Crosse Fire Chief (or his/her designee), La Crosse County Sheriff (or his/her designee) and the La Crosse County Emergency Management Director will, immediately and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The notification system can be used to differentiate for emergency situations. If an emergency notification warrants for a situation, the message may contain different suggestions for different populations. For example; ordering those on campus to shelter in place while advising others to stay away from campus.

In the event of a serious incident that poses an immediate threat, the University has various systems in place for communicating information quickly. Some or all of these methods of communication may be activated in the event of an immediate threat. These methods of communication include Code Red, a system that provides email, voice mail and text message alerts to members of the UWL community. Only UWL students, faculty, and staff can register with for Code Red with their campus e-mail at https://public.coderedweb.com/cne/en-US/7887AAE689D4. Students can sign up parents, other family members, or friends by designating more than one mobile device to their account. The other systems include access to sending a campus-wide e-mail, a public address (PA) system inside each building on campus, and access to activation of a weather (tornado) siren.

UWL community members are encouraged to notify UWL Police (605 17th St. N., 608-789-9000) of any situation or incident on campus that involves a significant emergency or dangerous situation that may involve an immediate or ongoing threat to the health and safety of students, faculty, staff, or visitors on campus. UWL Police (605 17th St. N., 608-789-9000) has the responsibility of responding to, and summoning the necessary resources, to mitigate, investigate, and document any situation that may cause a significant emergency or dangerous situation. In addition, UWL Police (605 17th St. N., 608-789-9000) has a responsibility to respond to such incidents to determine if the situation does in fact, pose a threat to the community. If so, federal law requires that the institution notify the campus community or the appropriate segments of the community that may be affected by the situation.
Shelter-in-Place Procedures – What it Means to “Shelter-in-Place”

If an incident occurs and the buildings or areas around you become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Thus, to “shelter-in-place” means to make a shelter of the building that you are in, and with a few adjustments this location can be made even safer and more comfortable until it is safe to go outside.

Basic “Shelter-in-Place” Guidance

If an incident occurs and the building you are in is not damaged, stay inside the building in an interior room until you are told it is safe to come out. If your building is damaged, take your personal belongings (purse, wallet, ID card, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit, and use the stairs instead of the elevators). While every effort is made to notify every individual at the same time, there are priorities that need to be considered. Depending on the circumstance, first responders may be notified shortly before the general public to ensure resources are available and in place. All efforts will be exhausted to notify the individuals involved including Code Red, PA system, e-mail, media and social media. Once you have evacuated, rapidly seek shelter at the nearest University building. If police or fire department personnel are on the scene, follow their directions.

How You Will Know to “Shelter-in-Place”
A shelter-in-place notification may come from several sources, including UWL PD, Residence Hall Staff members, other University employees, LCPD/LCFD, or other authorities utilizing the University’s emergency systems including: Code Red System, PA system, Weather Siren or Campus-Wide e-mail

How to “Shelter–in-Place”

No matter where you are, the basic steps of shelter-in-place will generally remain the same. Should the need ever arise, follow these steps, unless instructed otherwise by local emergency personnel:

The UWL Campus website, www.uwlax.edu provides additional information and tips for individual emergency preparedness and the Emergency Response Procedures can be downloaded from the website. These procedures provide information on how to prepare for and respond to the most likely emergency situations that may arise on campus.
1. If you are inside, stay where you are. Collect any emergency shelter-in-place supplies and a telephone to be used in case of emergency. If you are outdoors, proceed into the closest building quickly or follow instructions from emergency personnel on the scene.

2. Locate a room to shelter inside. It should be an interior room, above ground level, and without windows or with the least number of windows. If there is a large group of people inside a particular building, several rooms may be necessary.

3. Shut and lock all windows (tighter seal) and close exterior doors.

4. Turn off air conditioners, heaters, and fans.

5. Close vents to ventilation systems as you are able. (University staff will turn off the ventilation as quickly as possible.)

6. Make a list of the people with you and ask someone (House Staff, faculty, or other staff) to call the list in to UWL PD so they know where you are sheltering. If only students are present, designate one student to call in the list.

7. Turn on a radio or TV and listen for further instructions.

8. Make yourself comfortable.

Missing Student Notification Policy

In accordance with the Higher Education Opportunity Act, the University of Wisconsin-La Crosse has developed the following missing student notification policy for students who reside in on-campus housing.

POLICY: If any member of the University community has reason to believe that a student who resides in on-campus housing is missing, especially if suspicious or life-threatening circumstances are present, the University Police should be notified.

PROTOCOL: If a student is missing it should be reported to University Police at 608.789.9999 or in person at 605 17th Street North, so they can start an investigation into the status of the missing student. A notification of the missing student will be disseminated within 24 hours of determining the student has been missing for 24 hours. This is not to say University Police cannot begin conducting the investigation prior to the 24-hour mark. If the report originates outside of law enforcement, the University will notify the appropriate law enforcement agencies.

Once it is determined that the student is missing the custodial parent/legal guardian and/or designated missing person's emergency contact will be contacted. This contact information is gathered through the housing application process in which students have been advised to designate an emergency contact. If a student is under 18 years of age and not emancipated, their parent(s)/guardian(s) will be contacted. A student has the capability through their housing contract and application process to specifically designate a missing student contact person outside of the emergency contact. In the application it states..."In the event that you
have been missing for more than 24 hours, the university will contact the person you list here. This contact information will be confidential. Residence Life professional staff will have access to this information. If you are under the age of 18 at the time and not emancipated, your parent or legal guardian will be contacted. In both the missing student contact person and general emergency contact, a student is able to update/change the individual every fall or spring when they reapply for housing for the following academic year or by logging into their housing application at any time through their WINGS account. A student’s contact information is kept confidential and may be accessed only by authorized campus officials and law enforcement as appropriate. The general emergency contact person may be contact in furtherance of a missing person investigation involving said student.

Alcohol Policies

Per Wisconsin Statute 125.07(4) the consumption of alcohol is restricted to individuals who are 21 years of age or older. This is strictly enforced by the UWL Police and the La Crosse Police Departments Sanctions are applied from UWL Residence Life and/or Student Life if students are found to have violated drug policies and/or laws.

Specific prohibited activities as outlined in UWS 17 & 18 specific to alcohol
17.09 (6) Illegal Use, Manufacture, Distribution of Alcohol or Controlled Substances
18.09 (1) Alcohol (a. Use/Possession b. Procuring/Selling/ Dispensing)
18.10 (2) Containers in Spectator Facilities

Residence Hall Specific Policies related to alcohol use...

1. Alcohol

The alcohol policies of the University and residence halls are designed to encourage a positive community experience, enforce state law, and ensure a safe environment for all residents. The University has adapted a policy to ensure students can feel safe contacting emergency services on behalf of a fellow student who is in need. That policy, in part, is as follows:
If a student caller is underage and intoxicated, but calls on behalf of an individual who requires emergency evaluation, the caller will not be subject to disciplinary actions from the university if the following conditions are met:
• Caller must remain with the impaired individual until assistance arrives
• Caller must be completely cooperative with emergency responders
• Caller must complete any programs deemed necessary by the Dean of Student’s Office

To view the entire policy, visit the Responsible Action Policy [here](#), or outlined in the next section of this document.
The following statements outline activities that are not permitted:

For Persons under 21:

a) Possessing and/or consuming alcoholic beverages  
   - State law prohibits the possession or consumption of alcohol by persons under the age of 21.

b) Possessing or displaying empty alcohol containers  
   - Residents are not allowed to have empty alcohol containers, defined as: cans, bottles, caps, boxes used for transportation, or items with alcohol residue.

For Persons 21 and Older:

For persons 21 and older, be prepared to present identification that provides date of birth.

c) Providing alcoholic beverages to students under the age of 21

d) Transporting unconcealed alcoholic beverages and/or consuming alcoholic beverages in public areas within the residence halls

e) Having more than one open standard alcoholic beverage per of age occupant

f) Consuming alcohol in the presence of minors

In the event one roommate is 21 years of age or older while the other is not, the resident who is of legal drinking age may consume alcohol in their room, but may not furnish alcoholic beverages to those under the age of 21. Guests who are of legal drinking age may consume alcohol only if the resident who is 21 years of age or older is present and if each individual of legal drinking age possesses only one alcoholic beverage (UW-La Crosse enforces the Wisconsin law of underage drinking).

Policies Regardless of age:

g) Hosting a gathering where alcohol is consumed and violates other alcohol policies

h) Participating in high-risk alcohol consumption. Examples include, but are not limited to:
   - Kegs or significant amounts of alcohol
   - Beer pong, flip cup, and/or other drinking games
   - Excessive use of alcohol on or off campus: excessive alcohol consumption (whether on or off campus, and regardless of resident age) is prohibited; e.g. use resulting in the inability to function without assistance, unconsciousness, inability to recall events, incoherent or disoriented behavior, loss of control of bodily functions. Residents will be held accountable for any excessive alcohol consumption that leads to disruption of the university housing community or endangers the residents.

i) Possessing devices to rapidly consume alcohol

Residents are not allowed to have devices used to rapidly consume alcohol, including but not limited to: beer bongs, funnels, etc.
Responsible Action Policy

On college campuses there is a significant trend of students choosing not report medical emergencies due to fear of repercussions received from being caught underage drinking.

What is Responsible Action?

In order to encourage students to call for help if someone may be in danger from alcohol or drug use, Responsible Action protects the caller from Police citation and/or university discipline for alcohol-related offenses. For example, if an underage person is intoxicated from alcohol use, and calls 911 because a friend has passed out and is unresponsive after drinking too much, the caller will not get an underage drinking ticket if that person stays with the impaired individual, cooperates with responders, and follows through with programs deemed necessary by the Dean of Students office.

At its core, Responsible Action seeks to encourage students to call for emergency medical assistance by providing immunity from police citation and university discipline for alcohol-related offenses. This policy has been instituted at University of Wisconsin – La Crosse as a result of an active collaboration between the Office of Student Life, University Police, and the Student Association. This policy is currently active, starting with the 2014-2015 academic year.

How does it Work?

This policy applies only to disciplinary actions related to the caller’s personal consumption of alcohol. They do not apply to supplying of alcohol, use or possession of other drugs illegally, or other crimes, and they may not apply to students involved in repeated violations of university alcohol policies. Failure to attend any required educational program may result in issuance of a citation or additional judicial consequences.

1. Victims of Crime – In cases where a student believes they have been a victim of a sexual assault and/or violent crime while under the influence of alcohol, the university will not pursue disciplinary action against the student for his or her improper use of alcohol. Students are strongly encouraged to utilize university resources and assistance if they believe they are the victims of a crime.

2. Person in Need of Medical Attention – When a student requires emergency evaluation and/or treatment at a medical facility for an overdose of alcohol, that student, as part of a disciplinary response, may be required to complete an alcohol education program through the University. In addition, a parent/guardian may be
contacted after repeated calls for emergency medical assistance from a single student showing a pattern of risky behavior at the discretion of the Dean of Students.

3. **Caller** – When a student calls on behalf of an individual who requires emergency evaluation, the caller will not be subject to disciplinary actions from the university if the following conditions are met:

- a. Caller must remain with the impaired individual until assistance arrives.
- b. Caller must be completely cooperative with emergency responders.
- c. Caller must complete any programs deemed necessary by the Dean of Student’s Office.

4. **Student Organizations** – Representatives of a student organization hosting an event is expected to call for assistance if they become aware of an emergency. Failure to do so will be considered an aggravating circumstance and be factored into any decision making regarding further disciplinary action.

**Why was this Developed?**

- In the International Journal of Drug Policy, a 2006 study by Cornell University found that emergency calls increased after their own Responsible Action policy was implemented even though rates of drinking remained constant.

- Fear of police involvement is the most common reason for not calling 911 during an overdose. After the policy was implemented at Cornell, students were much less likely to report this as a barrier to calling for help.

- Students who are aware that a Responsible Action policy is in effect are 2.5 times more likely than students who expect to face disciplinary actions to call for help when they see a medical emergency.

- After the state of Washington implemented a Responsible Action policy, 88% indicated that they were more likely to call 911 during future overdoses.

**Questions or Comments?**

If you have any questions regarding this policy - including how it functions or any additional comments, please feel free to email our Wellness Coordinator, Kate Ebert, at kebert@uwlox.edu.

**Sale of Alcohol on Campus**

Alcohol is for sale at the Student Union as well as various events on campus. All patrons are identified to ensure compliance with the age requirement (21). The sellers of alcohol follow all local and state laws concerning the sale of alcoholic beverages.
Drug Policies

Wisconsin Statute 961 described in detail the prohibitive nature of drugs (and their analogs), in consideration to their use, possession, and sale in the State of Wisconsin. Furthermore, UWS 18.09 explicitly states drug paraphernalia and marijuana are illegal on University of Wisconsin grounds.

Specific prohibited activities as outlined in UWS 17 & 18 specific to drugs:
UWS 18.09 (2) Possession of Drug Paraphernalia
UWS 18.09 (3) Possession of Marijuana

It is the policy of the University of Wisconsin La Crosse and the La Crosse Police department to strictly enforce and uphold the laws concerning drug use, possession and sale in and around the university campus. Sanctions are applied from UWL Residence Life and/or Student Life if students are found to have violated drug policies and/or laws.

Residence Hall Specific Policies related to drugs...

9. The drug policies of the University and residence halls are designed to encourage a positive community experience, enforce state law, and ensure a safe environment for all residents. The following statements outline activities that are not permitted:
   a) Possessing or using drugs and/or controlled substances on or off campus that disrupts the hall community
   b) Possessing drug paraphernalia
   c) Possessing with the intent to manufacture, sell, or distribute any drug and/or controlled substances
   d) Misusing over-the-counter medications and/or prescriptions
   e) Hosting a gathering where drugs and/or controlled substances are consumed

Alcohol and Drug Abuse Campus Resources

There are resources on campus for alcohol and drug abuse at the Counseling and Testing Center as well as a Wellness Coordinator.

The Counseling and Testing Center provides the following services to students:
- Alcohol and other drug consultations
- Alcohol education and prevention
- Outreach to campus and community
- Individual counseling
- Referral services
The Wellness Resource Center provides the following services to students:

- **Coordination of Brief Alcohol Screening and Intervention for College Students (BASICS)**

  BASICS is a second level alcohol and/or drug-related educational sanction. It takes place over the course of two structured interviews, approximately two weeks apart, with the University’s Alcohol and Other Drug Education Coordinator or a trained BASICS facilitator. During the meeting based in motivational interviewing, students will explore their relationships with alcohol and/or drugs and examine the results of personalized feedback indices.

- **Freshman registration, classroom presentations, and general campus programming**

  The University’s Alcohol and Other Drug Education Coordinator and Peer Health Advocates present at New Student Orientation, Transfer Orientation, Parent Orientation, and in first-year seminar and health related classes throughout the semester on alcohol and other drug education and awareness. In addition, the Wellness and Health Advocacy department plans, implements, and evaluates campus-wide and in-hall events that provide education, awareness, behavioral alternatives, and harm-reduction approaches to alcohol and other drug abuse.

- **Strategic planning for AODA prevention efforts**

  The University’s Alcohol and Other Drug Education Coordinator, in collaboration with University leadership and campus partners, conducts strategic planning for AODA prevention efforts on a bi-annual basis. This strategic planning process follows evidence-based intervention strategies from national organizations such as the National Institute on Alcohol Abuse and Alcoholism, National College Health Association, and current peer-reviewed research in the field.

- **SBIRT (Screening, Brief Intervention, Referral to Treatment)**

  Personnel in Student Life, Wellness and Health Advocacy, and Residence Life are trained in SBIRT, an evidence-based practice used to identify, reduce, and prevent problematic use, abuse, and dependence on alcohol and illicit drugs. The SBIRT model follows the principals of Motivational Interviewing and provides opportunities for early intervention with at-risk substance users and intervention with referral to treatment for persons with substance use disorders.

The University of Wisconsin La Crosse publishes this report as required by the Federal Higher Education Act and reaffirmed in the Jeanne Clery Disclosure of Campus Security Policy and Campus crime Statistics Act. This report provides information regarding fire drill tests, fire protection equipment/systems, plans for future improvements in fire safety, portal electronic appliances, smoking and open flame policies, fire safety training and hall evacuation procedures identifies Individuals or organizations that are to be notified that a fire has occurred in the Residence Hall and Statistics and Related Information Regarding Fires in Residential Facilities for 2014-2016. This report reflects current data as of the print date for on-campus student residential facilities only.

For more information the compliance document is available for review 24 hours a day on the UW-L-PD website at [www.UW-Lax.edu/police/annualreport.htm](http://www.UW-Lax.edu/police/annualreport.htm) and a physical copy may be obtained by making a request to the UW-L-PD (608) 789-9000.
Fire Drill Tests
Fire Drills are conducted twice a year in all residence halls, once in the fall and once in the spring. The fall drill is an announced drill occurring early in the semester. The spring drill is unannounced. The Fire Safety Systems in residence Facilities Chart (below) displays information about fire detection notification and suppression systems and the number of fire drills in each residence hall facility. A fire drill log is kept online in the University Conduct software program, Advocate.

Fire Protection Equipment/Systems
Refer to the attached charts to review the Fire Safety Amenities in the UW-L Residential Facilities Chart (below) for information about fire detection, notification, and suppression systems in each residential facility.

Plans for Future Improvements in Fire Safety
There is a plan in place to start renovating our older residence hall facilities in coming years and as part of that plan we anticipate fire sprinkler systems would be brought online. This is anticipated to begin with Laux residence hall in the spring of 2019.

Portable Electronic Appliances, Smoking and Open Flame Policies
The Office of Residence Life’s fire safety policies includes the following activities that are not permitted which are listed below:
c) Using and/or storing prohibited heat-generating devices Open flames are strictly prohibited. Burning incense and potpourri is also prohibited. Candles are allowed provided wicks are removed. Candles may be used for candle warmers or for decorative use only. Portable space heaters are prohibited unless provided by Residence Life facilities staff for student use.

e) Possessing or using fireworks and/or firecrackers

f) Using flammable decorations

Below is a list of specifically prohibited items...

- Candles with wicks (remove the wicks from candles prior to bringing them to campus; no open flame is allowed at any time in a residence hall)
- George Foreman-type grills
- Multiple light lamps or lamps with plastic shades
- Halogen lamps
- Non-LED lights
- Hot plates
- Incense
- Non-fused or multi-plug outlets
- Open coil appliances
- Non-artificial trees and wreaths
- Portable, magnetic induction cookers
- Hoverboards
- Portable space heaters (unless provided by Residence Life Facilities Staff)

In addition, all residence halls are smoke free, including a 25-foot perimeter around the buildings. Smoking tobacco products or using electronic cigarettes is strictly prohibited in these areas.

Additional Residence Hall Fire Safety Policies

a) Tampering with fire safety equipment Tampering with, covering, removing, or inappropriately using fire safety equipment including all smoke detectors, fire extinguishers, fire doors, sprinklers, pull stations, and emergency exit signs

b) Initiating an intentionally false fire alarm Initiating a false fire alarm, whether by means of a fire alarm system or otherwise

d) Failing to evacuate a residence hall All occupants must immediately evacuate residence halls when a fire alarm sounds.

g) Obstructing hallways No personal items are allowed to be stored in the hallways. Items including, but not limited to, door mats, shoes, shower caddies, and umbrellas create a fire hazard.

Fire Safety Training and Hall Evacuation Procedures

A: Residence Life Staff
All student and professional residence life staff are trained each fall regarding the evacuation procedures and what to do in case of a fire as outlined below. These same procedures apply to all buildings.

**Hall – UWL Fire Procedures (Staff)**

- **Smelling smoke:**
  - When a staff member smells smoke, the source of that odor should be sought. Staff are never to endanger themselves or others in investigating. If you are unsure about the source of smoke, call for assistance.
  - If no smoke is seen, the HD on Duty should be called to report the odor. HD: call University Police and other staff as necessary to continue to seek the source of the odor.
  - If smoke is seen during the investigation, the procedures in ‘**Seeing smoke or fire**’ are in effect.
- **Seeing smoke or fire:**
  - Pull the fire alarm.
  - Call 911 (or University Police) to report the fire.
  - Proceed with directions from ‘**When an alarm sounds**’.
- **When an alarm sounds:**
  - Anytime the building alarm sounds, all residents should evacuate (the assumption should be that there is a fire). Staff should direct residents to a safe, exterior location away from the building (pushing open alarmed doors as needed – whatever is the closest exit for residents). Staff are welcome to encourage residents to leave the building as they exit, but should not remain in the hall to knock on doors (as their safety is equally important).
  - When an alarm is activated, residence hall staff should meet at fire panel. The first staff member to arrive to the panel is the point person (if a HD/AHD/Officer arrives, they assume this responsibility).
  - Remaining staff should assist with evacuation of building, helping keep residents away from the entrances and clear of the building (allowing space for necessary emergency personnel). Staff are welcome to solicit more information about the alarm from nearby residents (in case anyone has additional context).
  - The point person should contact the HD on Duty to inform them of the alarm.
- **In the event that no fire is discovered:**
  - Allow students to re-enter the building after University Police / Fire Department have determined it is safe.
- **In the event of a small fire:**
  - Pull the alarm, evacuate the building and notify the university police of the location and facts as you have seen them. The La Crosse Fire Department will be dispatched.
  - In the event of a small fire (i.e., wastebasket) the staff and/or students can utilize a fire extinguisher to control the fire if it is safe to do so. University Police should still be contacted.
• Continue evacuation of building and monitor evacuation points to ensure students do not re-enter the building.

• **After any alarm:**
  • Be sure doors are re-alarmed, as needed.
  • Point Person
  • Please email your HD/AHD with details of the incident (date/time of alarm, alarm location, nature of the alarm, any responsible parties, any damages).
  • Hall Director
  • Follow-up with students and staff to identify possible damages to personal belongings and residence hall facilities.
  • Assess student and community needs and involve other professionals as needed (i.e. Counseling and Testing Center, Student Life, Red Cross, etc.) .

**Hall Specific Information**

• Re-Location: If evacuation for an extended time is required, going to the basement of another building becomes necessary. The following evacuation plan will be used:

- Angell Hall to Hutchison Hall; Hutchison Hall to Angell Hall
- Coate Hall to Eagle Hall; Eagle Hall to Coate Hall
- Drake Hall to Wentz Hall; Wentz Hall to Drake Hall
- Laux Hall to Reuter Hall; Reuter Hall to Laux Hall
- Sanford Hall to White Hall; White Hall to Sanford Hall

**B: Hall Residents**

Residents are informed of the fire evacuation directions through the Office of Residence Life policies outlined on the Office of Residence Life webpage. An email is also sent to residents early fall semester that outlines these procedures and informs them about the upcoming fire drill. A similar notification is sent following the unannounced fire alarm drill in spring. Students are communicated with as to proper evaluation of the building as outlined below. These same procedures apply to all buildings.

**Fire Evacuation Procedure**

If the door is hot or the hallway is full of smoke:

1. Remain in the room
2. Put towels at the base of the door and seal all cracks
3. Hang a sheet or towel from the window
4. Signal for help
5. Call University Police (608-789-9999) or Emergency Dispatch (911)

If it is safe to leave:
1. Close the door when leaving
2. Stand away from the building main entrance and wait for the signal to re-enter

Re-Location: If evacuation for an extended time is required, going to the basement of another building becomes necessary. The following evacuation plan will be used:
1. Angell Hall to Hutchison Hall
2. Hutchison Hall to Angell Hall
3. Coate Hall to Eagle Hall
4. Eagle Hall to Coate Hall
5. Drake Hall to Wentz Hall
6. Wentz Hall to Drake Hall
7. Laux Hall to Reuter Hall
8. Reuter Hall to Laux Hall
9. Sanford Hall to White Hall
10. White Hall to Sanford Hall

Exiting the Building
• **Exits** are found throughout the ground level floors of every building, clearly indicated by an 'Exit' sign. In the event of an emergency, utilize the nearest/safest exit.
• If your building is equipped with an **elevator**, please refrain from utilizing the elevator during a fire alarm. For your safety, instead opt for the nearest/safest stairwell.

Individuals or organizations that are to be notified that a fire has occurred in the Residence Halls...
