Andrew J. Scott

[redacted] [redacted] [redacted]

Industry Experience:

Commodity Trading Manager, Archer Daniels Midland (ADM)
Alliance Nutrition Division, Quincy, IL (2008–2009)
ADM Alliance Nutrition is one of the nation's foremost animal/livestock feed producers.

Primary Duties and Accomplishments*:*

- Solely responsible for trading operations of mid-protein, rendered product, liquid, and high-fiber commodities at 35 Alliance Nutrition national feed production locations, with a combined annual spend of over $40 million
- Trading local forward contracts and hedging with futures contracts on multiple international grain exchanges
- Scheduling logistics of physical commodity shipments via truck and rail
- Forecasting, monitoring inventory levels, and tracking economic trends
- Stakeholder management, including internal feed mill managers, external suppliers, and external counterparties
- Delivering oral and written presentations
- Tracking financial performance, completing daily accounting procedures, developing financial reports, monitoring database and software accuracy, and continuously analyzing financial/efficiency ratios

Commodity Trader/Merchandiser, Archer Daniels Midland (ADM)
Oilseed Processing Division, Quincy, IL (2007–2008)
ADM is a Fortune 50 agricultural processing corporation, converting raw agricultural ingredients into usable products for feed, food, and fuel applications.

Primary Duties and Accomplishments:

- Part of a five-member merchandising team with an annual spend over $1.2 billion
- Responsible (collectively) for procuring soybeans for a processing plant with a 200,000 bushel daily crush capacity and selling the byproducts (soybean meal, soy hull pellets, and soy oil)
- Responsible for merchandising corn, wheat, soybeans at 13 rural grain elevators and one Mississippi River terminal
- Analyzing global and local markets to determine basis levels (local prices)
- Creating forward contracts with local vendors and customers
- Determining operational schedules for elevator and production employees
- Trading and swapping futures contracts on multiple exchanges for risk management/hedging
- Managing transportation services (truck, rail, and barge) from internal and third-party logistics providers and dispatching product shipments
- Analyzing margins, creating financial reports, and implementing risk management procedures
- Nurturing counterparty relationships
- Managing credit risk and accounts receivable

Regional Training Champion, Archer Daniels Midland (ADM)
Human Resources Department, Decatur, IL (2007–2008)

Primary Duties and Accomplishments:

- Leading new hire (commodity trading interns and full-time commodity traders) training, assessment, and placement initiatives at eight agricultural processing locations in the Midwest
- Assisting in recruiting, interviewing, and selecting new colleagues
- Creating training curriculum and delivering training
- Supervising new hire employees, appraising employee performance, delivering performance appraisals, and accessing permanent job placement

[redacted] [redacted] [redacted]

Commodity Trading/Merchandising Intern, Archer Daniels Midland (ADM)
Oilseed Processing Division, Quincy, IL (2006–2007)

Primary Duties and Accomplishments:

- Writing forward contracts with grain suppliers
- Compiling financial data, analyzing local commodity markets
- Discovering synergies in freight logistics, analyzing operational schedules, managing demurrage deficiencies
- Dispatching trucks, railcars, and barrages

Accounting & Finance Intern/Information Technology Intern, City of St. Charles
Department of Finance, Department of Information Technology, St. Charles, IL (2004–2006)

Primary Duties and Accomplishments:

- Inventory management, purchasing, supplier management, contract negotiation
- Preparing financial reports, oral presentations, and written presentations
- Selecting investments for the government's portfolio
- Participating in union contract negotiations
- Participating in directors meetings, attended city council and government operations meetings
- Developed a new electronic budgeting system for all departments within the municipality
- Developed a new overtime tracking system for public works employees
- Researched and selecting a new Enterprise Resource Planning (ERP) software system
- Implemented Geographical Information System technology in the city to track financial assets
