

CSH College Committee
October 30, 2020
Minutes

Virtual meeting

Members Present: Robert Allen, Christine Schwartz, Bonnie Jo Bratina, Joan Bunbury, Todd Osmundson, Dan Grilley, Paul Schweiger, Sujat Sen, Taviare Hawkins (late), Thomas (Gus) Almonroede,

Members Absent: Tushar Das (excused)

Guests Present: Aileen Staffaroni, Jeff Baggett

Meeting call to order at 2:17 pm by Robert Allen

1. Approval of minutes from September 18, 2020 meeting

M/S/P 8-0-0

2. Curricular Approval Items

A. Data Science Graduate Certificate

Jeff Baggett presented the background of this 15-credit collaborative graduate certificate and answered questions. As structured, this will not require additional resources, but there is the potential that this could be a pipeline to the existing Master's degree

M/S/P 8-0-0 that the Data Science Graduate Certificate be approved.

B. Radiologic Science Major: Radiologic Technology Emphasis

Aileen Staffaroni went over the rationale for the proposed 3 plus 2 year program, developed in cooperation with existing clinical affiliates, and answered questions. There were some concerns about the general education portion of curriculum as laid out that need to be checked out.

M/S/P 9-0-0 that the Radiologic Science Major: Radiologic Technology Emphasis be approved.

3. Curricular Deactivation Items

A. Athletic Training Undergraduate Degree

The Undergraduate degree has been supplanted by an Athletic Training Graduate Degree. They no longer accept applications into the undergraduate Program and so they are asking that it be deactivated.

B. Math Education Graduate Certificate

No students have been admitted to this program since 2005 and it has not been entered into CIM, therefore Records and Registration has asked to deactivate this to clean up the records.

C. SAH 307 – Changing the Culture: Women in Science

The history of the SAH designation and the course itself was discussed. Although the class has been offered within the last 10 years (last offered Spring 2014),

Record & Registration has asked that the course be deactivated. The College Office and the instructors agreed.

M/S/P 9/0/0 that the Athletic Training Undergraduate Degree, Math Education Graduate Certificate, and the course SAH 307 – Changing the Culture: Women in Science be activated.

The Committee noted that although they voted to deactivate SAH 307 – Changing the Culture: Women in Science, they felt that this type of course, a women in STEM or Math & Sciences, would be a good fit for the new General Education curriculum and hope that there are faculty interested in pursuing this.

Note: there is a Committee meeting on Monday, Nov. 2nd at 10 am for Strategic Planning.

Meeting adjourned at 3:15pm

Respectfully submitted by Bonnie Jo Bratina
