FRESHMEN REGISTRATION & FAMILY ORIENTATION

FERPA (FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT)

Only you have access to any information regarding your college education, including: billing, financial aid, grades, course schedule, etc. If you want others to access this information, you will need to set up a guest account in WINGS. Log-in to your WINGS account, click "Self Service," then click "Manage Guest Users."

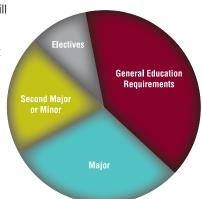

BUILDING YOUR SCHEDULE

You have 2-3 courses already on your schedule. Today you will register on your own to complete your fall schedule. To be a full-time student, you need at least 12 credits; we do not recommend more than 16 in your first semester.

Most of the courses you register for today will be **GENERAL EDUCATION REQUIREMENTS**.

These are courses outside of your major that give you knowledge and skills essential for independent learning and ethical thinking — e.g. life after college.

You have received a document with the list of general education categories and courses. With the help of an advisor, you will select general education courses to complete your fall schedule.

THINGS TO CONSIDER

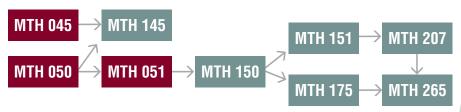

WILL YOU HAVE TRANSFER CREDITS COMING IN TO UW-L?

This includes: courses from other institutions, Advance Placement (AP), College Level Examination Program (CLEP), and International Baccalaureate credit.

Make sure to tell your advisor about any potential college credit you may have.
