Initial charges:

1. (Deadline - Dec. 15, 2017) Analyze Eagle Alert data to identify trends and/or patterns across EPC. In this work consider the following questions:
 - Are there UWL courses that appear to be particular indicators of EPC student struggle related to academics or dispositions?
 - Is there evidence that the Eagle Alert system is helping to identify concerns sooner than TCPR notices?
 - To what extent are advisors using Eagle Alert data to make changes to advising or other program recommendations?
2. During Spring 2018, facilitate a discussion at an EPC meeting focusing on:
 - Initial findings from Eagle Alert data analysis (results from charge #1).
 - Strategies for using Eagle Alert data and filing Eagle Alerts.
3. (Deadline - April 1, 2018) Make recommendations on how Eagle Alerts could be used to inform TCPR activities.
