SCIENCE & MATH EXPO SPARKS MIDDLE SCHOOL STUDENTS’ INTEREST

The 27th Annual Science & Math Exposition encourages middle school students to celebrate science and mathematics creativity. The goal of the Science & Math Expo is to promote science and math as interesting, enjoyable and diverse. While the expo is not designed to be competitive, many past participants have advanced to win state and national competitions as high school students.

Event details:

- Tuesday, April 16, 2019 | The Bluffs Ballroom, Student Union, UW-La Crosse
- Open to all students in grades 6–8
- More than 300 students are expected to participate
- 200 exhibits are anticipated
- Space limited - Sign up soon!
