Business Analytics Minor Advising Sheet

Welcome to the Business Analytics (BA) minor program at UWL. To ensure that you create an academic plan that supports timely graduation, you are encouraged to review the advising worksheet below and work with your advisor to develop an academic plan that best fits your needs. Each academic plan is unique, but the guidelines below will help you schedule the BA minor required courses.

Notes:
- The possible schedules below are guides and do not account for all situations.
- The Economics department strongly discourages students from enrolling in ECO-307 until they have completed ECO-230.
- Students are allowed to double count up to six credits with their major
- IS-360 is only offered in Spring semesters
- Information Systems minors can double count IS-300 & IS-320 and minor in BA
  - IS Majors would need to select IS-340 or IS-451 as their Major elective, in order to complete their major (unless they want to take another CS eligible course).
  - IS Majors in the BA minor are encouraged to take non-IS courses for their elective credits

Prerequisites:
- IS-220 → IS-300 → IS-320
- Electives all have a variety of possible prerequisites, please refer to each course requirements

Advising Report Based on the 2020-2021 Catalog
Possible Course Schedule for a Sophomore Start (5 Semesters Left)
