

**Occupational Therapist
Woodland Village Nursing Home in Suring, Gillett, and Oconto.**

This position will travel between the three facilities as well as work with our Home Health patients. This is a part-time opportunity which could turn to full time in the future. We would love the opportunity to work with a new graduate here at Woodland Village. We are a set of three small nursing homes with a thriving home health program as well. It's a locally owned company with many great perks.

Kristina Wright
Woodland Village Nursing Centers
