The University of Wisconsin - La Crosse requires applicants to complete an online asynchronous interview process. All interviews are conducted using a video-based platform called YouSeeU Bongo where students record their responses to a series of interview questions for review by the program's Admissions Committee. ==**The deadline for completing this for early admission is August 15. The deadline for completing for general admission is November 1.**==

Students must have a computer with webcam and internet service to complete this interview. Please follow this link to the University of Wisconsin La Crosse Application Registration page https://uwlax-admissions.youseeu.com/login and follow these steps to enroll and complete the video interview:

1. Click "create new account" and register your email and personal information. This will send a link to your inbox that you will need to click to confirm your registration.

Is this your first time here?

For full access to this site, you first need to create an account.

Create new account

2. Once registered, login to the system and enter the following Course Code into the Enrollment box: **i7v9uw**
3. Now that you are enrolled in the course you can click on the admissions activity where you will be directed to a set of interview questions.
4. Please read all the instructions carefully and feel free to use the practice button to warm up before you complete the interview. When you have finished all the questions they will automatically be submitted for review.

Thank you, and if you have any registration or technical questions, please click the support option located in the menu or email help@youseeu.com and the YouSeeU support team will get back to you as quickly as possible. Here are some helpful tutorials:
