SA1516-069: Resolution Continuing REC Use for LEHP Program

DATE: April 26th, 2016

AUTHOR(S): Spenser Garcia

SPONSOR(S): Student Services & Buildings

WHEREAS; the University of Wisconsin-La Crosse’s La Crosse Exercise and Health Program (LEHP) is a medically supervised preventative and rehabilitation health and fitness program for approximately 50 residents of La Crosse provides 15 UW-L graduate students in the Clinical Exercise Physiology (CEP) with relevant clinical experience since 1980;

WHEREAS; the program allows students up to 600 clinical hours, and is one of the highest acclaimed programs of its kind in the country moved to the Recreational Eagle Center in January 2016 on a probationary basis;

WHEREAS; this program generates approximately \$8,000 in revenue for the REC annually with no additional costs to students;

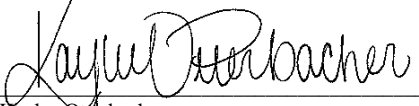

WHEREAS; a survey was conducted with students using the REC at the time of the LEHP program and 92% claimed it had no impact, and one student said “I like seeing old people; they’re cute”;

THEREFORE BE IT RESOLVED; the La Crosse Exercise and Health Program will approved to use the Recreational Eagle Center (the front desk sitting area, 1 court, the multipurpose room, and 1-2 lanes of the track) year round for three days per week for 2-3 hours during a low census student usage time slot, approximately 9-11am;

THEREFORE BE IT FURTHER RESOLVED; the Student Services and Buildings committee will meet again in April 2018 to determine whether to further approve usage of the REC for the LEHP during the 2018-2019 school year and possible future years, until the new Fieldhouse is completed.
