WHEREAS, the American Association for the Advancement of Science (AAAS) has written a multisociety letter on tax reform addressed to the U.S. Congress regarding the repeal of existing provisions in tax law that will increase the financial burden of graduate students;

WHEREAS, the undersigned organizations in the letter represent together millions of scientists, mathematicians, and engineers around the world, including students at the University of Wisconsin – La Crosse;

WHEREAS, the University of Wisconsin – La Crosse Student Association (UWLSA) recognizes that the repeal of the very provisions that allow graduate students to continue their study will have a detrimental effect on new opportunities for discovery, exploration, and innovation;

THEREFORE BE IT RESOLVED that the University of Wisconsin – La Crosse Student Association supports the AAAS's multisociety letter on tax reform, urging for the preservation of critical graduate student tax benefits.
