 - ix. Thering: I'm concerned about the length of the referendum language and am considering prioritizing information of referendum language?
 1. Soeder: We could change the structure and put the seg fee change as its own bullet point and move it to the top of the referendum in the language.
 - x. Jurecki: *Informally garners information on bullet point usage*
 - xi. McCauley: I feel like people will skim and focus on the bottom point
