**SA1819-013: Resolution Changing How Office Hours are Served**

DATE: 10/10/2018  
AUTHOR: Director Lawlis  
SPONSOR(S): Senator Wenzel

WHEREAS, current office hours are seldom frequented, and hosted in spaces which are removed from the general public and the flow of students; and

WHEREAS, success has been witnessed in past public forums designed to gage constituent interests and desires, such as on the first floor of the Student Union or near Hoeschler Tower; and

WHEREAS, current office hours are deemed by many as underwhelming, and some as squandered time, and not conducive to the role of a Senator as a direct representative of the student body; and

WHEREAS, lack of new resolutions being introduced to Student Senate may directly correlate with a lack of student input to their representatives, vis-à-vis current Senator availability;

THEREFORE BE IT RESOLVED current office hours be moved to a public setting, with the requisite that Senators hold forum for at least one (1) hour per month. Section 4.203 of the UW-La Crosse Student Association bylaws be amended to include the requirement that office hours be hosted in a public forum once per month; and

THEREFORE BE IT FURTHER RESOLVED Senators be allowed to fulfill their office hour obligation with other Senators, be it from their college or an organization, as long as they are in a public forum and receptive to student input.
