**Subject:** ATTN: Students / Important announcement regarding COVID-19 spring semester testing for students

Dear students:

We are pleased to announce an expansion of our COVID-19 student testing program for the spring semester.

The week of Monday, Jan. 25, **off-campus students** will have the option to be tested on the third floor of the Cartwright Center.

Beginning Monday, Feb. 1, and for the remainder of the semester, off-campus students **will be expected to report for testing** on the third floor of Cartwright **once every two weeks**. The initial BinaxNOW antigen test will provide results within 15 minutes. Some students may be advised to take a confirmatory PCR test.

**Off-campus students** should register at [www.doineedacovid19test.com](http://www.doineedacovid19test.com) using your @uwlax.edu email address and La Crosse address. The testing site will be open from 8:30 a.m. to 4:30 p.m. Monday through Friday, and from 10 a.m. to 2 p.m. Saturday. The entrance for off-campus students will be on the west side of the building.

**On-campus students** should monitor their email for important testing instructions from the Office of Residence Life.

**Student-athletes** will receive communications from their coach regarding testing policies in Athletics.

We are grateful for our ability to increase testing for our students. We urge you to continue following health and safety guidelines: Wear a mask, wash your hands, practice physical distancing and report for testing as recommended.

Have a safe and productive semester!

Greg Phlegar  
Dean of Students
