To UWL Students
(bcc: personnel)

Thank you for all you have done to help UWL make the transition to online. We know it was not what any of you planned on and we appreciate your patience, flexibility, and commitment to high quality education. As you plan for Summer and Fall 2020 registration, please be aware of the following:

GEN ED CHANGE: For all students (except those graduating in May), the total General Education requirement is now at 42 credits rather than 48 credits. · This reduction does *not* change the category requirements. Each student still needs to meet the minimum number of credits in each category and 42 credits overall. Your advisement report (AR) in WINGS will be correct. In other words, even if you have already earned 42 credits, if it indicates that you have not completed a course in a particular category (e.g., "Self & Society") you will still need to complete a course in that category to complete your General Education requirements.

SUMMER: As usual, most courses will be in an online format. Any face-to-face courses are not scheduled to start until Summer Session III (July 20) and they are pending public health recommendations closer to that date. Some on-line courses have some/all synchronous elements (times when the students and instructors are together online in real time) and are listed as being associated with dates/times during which students need to be available online. Summer session enrollment starts today.

INTERNATIONAL SUMMER STUDY ABROAD 2020: All education abroad opportunities through UWL have been cancelled.

What has been done to help students for Spring 2020?

- The drop dates for classes and full withdrawal of all courses have been moved to the last day of classes and finals respectively. Appropriate W grades will be recorded.
- Registration holds associated with account balances have been lifted.
- Registrar will add language regarding "COVID-19 Disruption" to Term data on the official transcript for every currently enrolled student once language consistent with other state/national schools is established.
- Other policy and procedural changes are being considered by faculty governance in consultation with student governance.

Here are 3 Important questions to ask yourself right now regarding summer and fall course registration:

When can I register?	<ul style="list-style-type: none">· Go to your Student Center in WINGS· Locate the box titled "Enrollment Dates" on the right side of the screen· The first date you see is the date you can register for summer classes· Then you will need to click on "details" and choose the Fall 2020 term to see your assigned registration date and time for Fall courses.
Do I have any registration holds?	<ul style="list-style-type: none">· On the right side of the screen in your WINGS Student Center, you will see a box called "Holds"· If you see "no holds," you will be able to register at your scheduled time.· Click "details" to see more information about any holds that will prevent you from registering.
Who is my advisor?	<ul style="list-style-type: none">· On the right side of your WINGS Student Center, in a box titled "Advisor," you will see the name of your advisor.· Contact your advisor to schedule an advising meeting.
