Subject: Mandatory Fall Break Intention Survey - Due Friday

Hello,

With the announcement of classes going to an all-online format after Thanksgiving, it is important that you notify Residence Life of your plans for the remainder of the semester. Please review the options below and complete the mandatory survey by Friday, November 20th at 8am.

Option #1: Depart campus by November 25, 2020 and do not return to campus until January 25, 2021.

- Unless you have been approved for contract cancellation, we will anticipate you returning to campus for spring 2021. Keep your residence hall room key with you and do not turn it in before leaving campus.
- Testing: You will need to be tested upon departure from campus- ideally within 48 hours of departure. Remember a negative test does not replace the need to quarantine and you could still develop COVID in the subsequent 14 days.
 - Sign up for your departure test here
 - Testing is located on the 2nd Floor Cartwright Center.
 - If you have tested positive within the last 90 days, you will be exempt from testing.
- Residence hall students not returning to campus after Thanksgiving are eligible for a \$100 credit to their student account for reduced services and programming.
- Unused Meal Plan Maroon Dollars will be credited to the student account or carried over to the spring semester.

Option #2: Remain on campus throughout the rest of the fall semester and either go home at the end of the fall semester or remain on campus over winter break.

- You will have the option to sign-up for winter break housing (December 22-January 24) after Thanksgiving.
- You will continue to be tested for COVID periodically as determined and notified by the Student Health Center.

Option #3: Go home for Fall Break (Nov. 25th- Nov. 29th) and return to campus.

- Keep your residence hall room key with you and do not turn it in before leaving campus.
- Testing: You will need to test BEFORE departing and AFTER returning to campus.
 - You will need to be tested before departing-- ideally, the day you leave or the day before departure - Sign up for your departure test here
 - You will need to sign up for testing upon return to campus. Do not return to campus if you are having symptoms. You should be tested within 48 hours of your return: Sign up for your return test here
 - Testing will be located on the 2nd Floor Cartwright Center.

Please complete this Survey by 8 am on Friday, November 20th to indicate your decision.
