Subject: UWL Booster Incentive Campaign

Greetings UWL Eagles,

Hope you are having a great start to your semester! We are launching a COVID-19 Booster Campaign to encourage UWL students to get their COVID-19 booster shot.

Students who receive their COVID-19 booster shot and have their status verified by UWL's Student Health Center will be entered into drawings for prizes and scholarships. To become eligible, students must have received their COVID-19 booster shot, grant UWL's Student Health Center permission to confirm vaccination status, and complete a [short survey](#). T-shirt and sweatshirt prizes will be awarded at the end of each month. In April, after allowing students who received their COVID-19 vaccinations in the fall the opportunity to get boosted during the spring, UWL will award five \$1,000 scholarships.

It is important that we all continue to do our part to slow the transmission of COVID-19 in our community, which includes staying up to date on vaccines and getting boosted when eligible.

Free testing for COVID-19 is available Monday-Friday from 8:00 am – 4:00 pm to anyone ages 5 years and older, in the La Crosse area at Cartwright Center on UWL's campus. Pre-registration is required (<https://www.uwlax.edu/info/covid-19/testing/>). UWL will be hosting a vaccination clinic in the coming weeks.

If you have any questions, please contact the Student Life Office.
