

## STUDENTS: Fall Registration reopens at 7:00 a.m. on July 27, 2020

Betsy Morgan <bmorgan@uwlax.edu>

Wed 7/22/2020 9:03 AM

Dear UWL Students,  
(bcc: UWL Personnel)

Registration will reopen for all new and continuing undergraduate degree-seeking students at 7:00 a.m. on July 27<sup>th</sup>. This email contains 3 very important topics.

1. **How to tell the modality (in person, hybrid, online synchronous, or online asynchronous) of your courses for the Fall.**
2. **The meaning of each modality type**
3. **How to change your schedule if there are alternative options for you.**

In addition – the following site has good general information – <https://www.uwlax.edu/info/covid-19/faq/>

Overall, for undergraduate courses at UWL for Fall 2020, ~60% are hybrid or in-person and ~40% are full online. UWL's ratios are similar to other UWs and we are pleased to be able to offer a variety of options. Everyone understands this is not ideal, but with COVID-19, we think this a good outcome overall.

1. **How to tell the modality (in person, hybrid, online synchronous, or online asynchronous) of your courses for the Fall.**

You will be able to see the mode of instruction when you go to your "Current Schedule" in Schedule Planner (see image #1 below). Also, you will be able to search by the different modes of instruction in both the WINGS Class Search and in Schedule Planner.

### My Current Schedule

Status	Subject	Course	Section	Component	Day(s) & Location(s)	Actions	Instruction Mode
Enrolled	ACC	222	413	LEC	MWF 9:55am - 10:50am - Internet INTERNET	<input type="checkbox"/> Drop	Online Synchronous
Enrolled	BLAW	205	413	LEC	Internet INTERNET	<input type="checkbox"/> Drop	Online Asynchronous
Enrolled	ESC	101	13L	LAB	W 3:20pm - 5:20pm - Prairie Springs 1031 1031 W 3:20pm - 5:20pm - Cowley 204A 204A	<input type="checkbox"/> Drop	Hybrid: Blend On-campus/Online
Enrolled	ESC	101	01	LEC	TTh 9:25am - 10:50am - Centennial 1309 1309	<input type="checkbox"/> Drop	Hybrid: Blend On-campus/Online
<div><div><p>Title: Earth Environments Component: LEC Session: Regular Academic Session Instructor: Colin Belby Waitlist Open: 5 Description: This course concentrates on understanding the earth's dynamic environments through the study of processes and physical and human interactions related to the lithosphere, hydrosphere and atmosphere. A scientific approach is used to examine fundamental concepts in earth and environmental science related to topics such as plate tectonics, landform development, atmospheric processes, global climate, and water resources, in order to provide an understanding of how the earth system functions and th...</p><p>Textbook: <a href="#">View Books to Buy</a></p><p>Instruction Mode: Hybrid: Blend On-campus/Online</p></div><div><p>Class Notes can also be seen there if a student clicks on the info button.</p></div><div><p>Day(s) &amp; Location(s): TTh 9:25am - 10:50am - Centennial 1309 1309 Dates: 09/08/2020 - 12/15/2020</p><p>Notes: Students enrolled in this class should not schedule other activities during this class time. The instructor will inform students at the beginning of the semester which days attendance is required and/or encouraged.</p><p>This class has additional fees associated with it. ## 2.The meaning of each modality

**In-Person, Face-to-Face (F2F) or On Campus:** Course in which content delivery, course activities, and assessments take place in a physical classroom.

**Online** courses (fully) - students do not meet in person at a physical site. All content and course activities take place online.

**Hybrid** or blended: Course in which content delivery, course activities, and assessments take place in a physical classroom **and** online. In will likely not be until Labor Day weekend when you know if you will be expected to attend the first day of classes and what the expectations are for on campus attendance after that.

- **Synchronous** - some or all of the elements of the class occur in real time. Elements can be required (e.g., a lecture or exam) or optional (e.g., office hours or discussion times). The course should be listed as online in the timetable and a meeting date/time should be noted.
- **Asynchronous** - although there are deadlines for students by which they need to complete work, there are no requirements for a specific date/time when the student must be available.

## 3. How to change your schedule if there are alternative options for you.

If you need to make changes to your fall schedule, try to use the SWAP feature in WINGS which makes sure the class you are adding is available before it drops the other class. If you are adding a class that has a wait list, use the SWAP feature to ensure you will not have a time conflict with another course already in that time slot. More information on the SWAP feature can be found at <https://www.uwlax.edu/globalassets/offices-services/wings-help/wait-list-swap-feature.pdf>.

We appreciate your understanding and flexibility.
