MISSION
The University of Wisconsin-La Crosse provides a challenging, dynamic, and diverse learning environment in which the entire university community is fully engaged in supporting student success. Grounded in the liberal arts, UW-La Crosse fosters curiosity and life-long learning through collaboration, innovation, and the discovery and dissemination of new knowledge. Acknowledging and respecting the contributions of all, UW-La Crosse is a regional academic and cultural center that prepares students to take their place in a constantly changing world community. The university offers undergraduate programs and degrees in the arts and humanities, health and sciences, education, and business administration. The university offers graduate programs related to areas of emphasis and strength within the institution, including business administration, education, health, the sciences, and the social sciences.

VISION
The University of Wisconsin-La Crosse aims to foster within each student the curiosity, creativity, and tenacity necessary to solve the regional, national, and international challenges of the 21st century. The university’s official motto mens corpusque ("mind and body") will continue to guide our direction as a student-centered university committed to a quality education for the whole person. As such, it will continue to provide opportunities both inside and outside the classroom for the development of sound mental, emotional, and ethical skills, as well as general well-being. Our students, faculty, and staff will experience the world through constantly evolving technologies and cultures. Thus, the skills of effective communication, critical thought, leadership, and an appreciation for diversity must be the hallmarks of a UW-La Crosse education.

VALUES
- The mens corpusque educational philosophy that recognizes each student as a whole person and aspires to enhance both mind and body through the noble search for knowledge, truth, and meaning central to a wide range of high quality learning experiences and scholarly pursuits.
- Diversity, equity, and the inclusion and engagement of all people in a safe campus climate that embraces and respects the innumerable different perspectives found within an increasingly integrated and culturally diverse global community.
- A high quality of life and work balance, incorporating best practices for shared governance and the acquisition and efficient management of resources, equitable compensation, general wellness, and social, environmental, and economic sustainability.
- Civic engagement and a renewed commitment to the Wisconsin Idea, in which our socially responsible campus serves as a resource for our increasingly interwoven local, state, and global communities, collaborating and sharing resources and expertise to improve the human condition.

UWL: 2016-2020
- In Spring 2016, UW-La Crosse began a comprehensive strategic planning process under a Steering Committee chaired by Professor Enilda Delgado (Sociology).
- In May 2016, identified strategic planning campus leaders participated in a day-long meeting that formed the basis of the proposed pillars.
- In Fall 2016, four action teams representing the four proposed pillars—"A Stronger, More Inclusive UW-La Crosse," "Investing in Our People," "Increased Community Engagement," and "Transformational Education"—were formed from a mix of faculty, staff, administrators and students. They were given an early draft of priorities, goals, and action steps and asked to develop concrete action plans.
- In Spring 2017, the revised and finalized plan was given its name—Sustaining Excellence—and launched under the incredible leadership of Enilda Delgado, Special Assistant to the Provost-Strategic Planning.
- In May 2018, Associate Professor Kate Parker (English) replaced Enilda Delgado as the SAP-Strategic Planning.
- In November 2018, metrics for measuring the success of Sustaining Excellence were developed by Institutional Research, Assessment & Planning and presented to the Joint Planning and Budget Committee. Three models for continuing a robust strategic planning process at UW-La Crosse were developed by JPB’s Executive Committee and presented to Chancellor Gow.
- In December 2018, a new version of the strategic plan (updated to indicate accomplishments) was submitted to the Higher Learning Commission as part of a larger report on the University’s strategic planning progress.
- In Spring 2019, the Sustaining Excellence website was updated and re-launched, including a regularly-updated dashboard for metrics.
- In Fall 2019, the accomplishments of Sustaining Excellence and a plan for continued implementation beyond May 2020 were presented to JPB and other governance groups.*
- In Spring 2020, the final report for Sustaining Excellence was compiled, along with an updated plan and a complete list of major accomplishments. These will be made publicly available.
- Since 2016, over 200 faculty, staff, administrators and students have participated in the work of Sustaining Excellence.

*Note: due to the COVID-19 disruption, some of these planned visits did not occur.
