"I know now that people are here on campus to help support me academically and with personal issues. Advisors have your back."

#### ACADEMIC ADVISORS

We work with students to navigate academic requirements and policies so they can reach their academic goals. We discuss major exploration, registration preparation, and academic resources to guide students towards degree completion.

#### CAREER ADVISORS

We assist students in all aspects of their job search from exploration to career decision-making, from critiquing documents to mock interviews, from internships to full-time jobs, and navigating job offers.

#### PRE-HEALTH ADVISORS

We provide academic advising, programming, and coursework to help students explore healthcare careers, plan academics, and prepare for graduate and medical school application processes.

## 2024-2025 STUDENT SATISFACTION

### I had my questions answered during my appointment

97%

of students responded that they agreed or strongly agreed.

### At the conclusion of my appointment, I left feeling:

98%

of students responded that they left feeling satisfied or very satisfied.

The most important thing I learned during my appointment was..."

"Now I know the right way to showcase what I have learned and explain to the staff that I am a good fit. I learned what employers are looking for and how to tell them that I have what they need."

"I can take my career ideas one step at a time and I don't have to do masters right away."

"That it's okay to be undeclared and that I have time to think about what I want to do, and experiment with classes that pique my interest."
