D. Additional Librarianship Evidence

I prepared a formal proposal on behalf of Murphy Library and the Digital Collections that was delivered to ITS prior to being granted server space. ITS required a five-year cost analysis as part of this process, which I created using my own calculations included in the proposal. This proposal was successful and the Digital Collections and ITS have had a positive and fruitful relationship.

[Download File \(*dmindel/promotion/Librarianship Appendix 1.pdf*\)](#)

This is a letter in support of my promotion written by Kate Russell, Director of Library and Information Resources at Unity College. Kate was previously the Systems Librarian at Murphy Library and someone with whom I worked very closely to establish the necessary infrastructure on which to build the Digital Collections. Kate and I also co-authored the article "Building Digital Collections on a Budget," published in *Computers in Libraries* in 2014, which discussed the processes involved in creating this infrastructure.

[Download File \(*dmindel/promotion/Librarianship Appendix 2.pdf*\)](#)

Since 2012 I have made three Murphy Library Endowment Fund requests that have all been successfully funded. This document highlights the amounts requested and funded as well as the equipment that was purchased with those funds. All of these funds have made it possible to establish the infrastructure necessary to create a stable and scalable digitization program.

This is a letter in support of my promotion written by Dr. Julie Weiskopf, Associate Professor of History and the Director of the UWL Oral History Program. I have worked closely with Dr. Weiskopf for nearly the last two years to make UWL's oral histories available streaming online and stored in a digital preservation format. This project is a long-term project that has already yielded the online accessibility of 104 recordings offering nearly 78 hours of streaming audio available to students, staff, and the community for free.

This is a letter in support of my promotion written by Susan Schuyler, Communication Studies Senior Lecturer (retired 2016), for whom I taught CST110 information literacy instruction sessions. I stepped in to teach eight of her classes during the 2015/16 academic year, filling in for a librarian that had since separated from UWL. The letter discusses these classes and provides details as to their structure and content.
