University of Wisconsin Placement Tests

Congratulations on your admission to UW-La Crosse! Please read the following information regarding the University of Wisconsin Placement Tests.

All new students planning to enroll for Fall 2018 are required to submit results of the University of Wisconsin Placement Tests prior to registration for classes. To ensure your placement test scores are received in a timely manner, students should take the placement test at least two weeks prior to their START date (STudent Advising, Registration and Transition) in June.

- ▶ **Math Placement Test** is required for all students.
- ▶ **English Placement Test** is required for all students.
- ▶ **Foreign Language Placement Test** is required to enroll in Spanish, French or German language courses, including those students who have taken college credit language classes as transfer courses.

Placement test scores are part of your student record and used by your advisor to plan your course schedule. Students who have not taken placement tests may not be able to enroll in math, English, or some language or science courses. When you begin classes at UWL a \$35.00 placement test development fee will be charged to your fall billing statement.

NOTE: If you have earned AP, CLEP, IB, or college transfer credit during your junior year or prior, it may satisfy the English, math, or foreign language requirements or serve as pre-requisites. Please review the UWL CREDIT BY EXAM POLICY at: <http://www.uwlax.edu/admissions/ap-ib-clep-credit/> Students currently enrolled in any of the above as seniors should take the placement tests as grades/test scores may not be available prior to START.

If you have questions after reviewing the Credit by Exam policy, contact the Admissions Office at (608) 785-8939 or admissions@uwlax.edu.
