GE09 = HEALTH & WELL BEING
(3 credits required)

HLTH 807-266 Wellness Today

These General Education requirements will typically be satisfied by students who have completed the Associate in Arts or the Associate in Science degree in MATC-Madison’s Liberal Arts Transfer Program. Students accepted under this transfer policy are still required to meet all core, professional, diversity, major, and minor requirements. The University reserves the right to review the student’s associate degree and require additional General Education courses.
# Academic Advising

While we strongly recommend that students work with Madison College advisors in scheduling their courses and planning a transfer, Madison College students are highly encouraged to work with an academic advisor at UW-La Crosse as well. Therefore, in addition to your current advisor at Madison College, listed below are advisors at UW-La Crosse who can help answer further academic advising questions.
