

UNIVERSITY *of* WISCONSIN
LA CROSSE

TRANSFER GUIDE

For Students Attending
Rock Valley College

How To Use This Transfer Guide

This guide provides an outline of the General Education Program course requirements that all students at UW-La Crosse must complete as part of their degree program. Students must earn a minimum of 42 credits of General Education (GE) courses.

This guide is only a sampling of courses from Rock Valley College that will satisfy each requirement. The guide does not contain an exhaustive list of transferable courses. For additional course equivalencies, please visit <http://www.transferology.com>.

NOTE: This guide is primarily designed for students that are interested in transferring credits on a course-by-course basis. It is not intended for students planning to earn their associate of arts or associate of science degree.

Associate of Arts/Associate of Science

Students transferring from Rock Valley College who have earned an Associate of Arts or Associate of Science degree are exempt from the UW-La Crosse General Education Program requirements. Students accepted under this policy are still required to meet all core, professional, major and minor requirements. In addition, the university reserves the right to review the student's associate degree and require additional general education courses.

Transferology

[Transferology](#) is a nationwide network designed to help students explore their college transfer options. Courses displayed as "maybes" in Transferology **does not** imply a lack of transferability; it means UWL has yet to evaluate the course's equivalency. For more information, contact the Admissions Office.
