TRANSFER GUIDE

For Students Attending
Western Technical College

September 2022
How To Use The Transfer Guide

In accordance with the UW System transfer policy, UWL can accept up to a **maximum of 72 credits** from the Wisconsin Technical College System institutions without first having earned an associate degree.

**Program to Program Agreements:**
The guide begins by listing the Program to Program articulation agreements that currently exist between Western and UW-La Crosse. Please contact the Admissions Office at UW-La Crosse for specific information regarding these agreements.

**General Education Program Course Requirements:**
The guide also provides an outline of the General Education Program course requirements that all students at UW-La Crosse must complete as part of their degree program. Pages 3-4 of this guide provide a listing of the Western Technical College “100 & 200 level” courses which are applicable toward the General Education Program at UW-La Crosse. Pages 5-6 provide a listing of the General Education course equivalencies.

**Additional Course to Course Agreements:**
Students transferring from Western Technical College may be able to transfer certain occupational and technical credits in addition to those listed on pages 3-6 of this guide. Please see page 7 for a listing of additional course to course articulations.

**Program Transfer Agreements**

* Students must earn a B or better
While we strongly recommend that students work with Western Technical College advisors in scheduling their courses and planning a transfer, Western Technical College students are highly encouraged to work with an academic advisor at UW-La Crosse as well. Therefore, in addition to your current advisor at Western Technical College, listed below are advisors at UW-La Crosse who can help answer further academic advising questions.
