

Fall 2022

## Second Degree Student Admission Information **NEXT STEPS!**

### REGARDING YOUR LETTER OF ADMISSION

Your admission has been granted based on your past academic record and any courses in progress this year. **Final admission is contingent upon receipt of updated transcripts:**

- By January 30:** Official transcript with fall 2021 grades and spring 2022 courses in progress
- By July 1:** Final official transcript with spring 2022 grades

*If you are also taking summer session courses elsewhere, we must receive an official transcript with spring semester grades by July 1 and a final official transcript with summer session grades by August 28.*

#### **PLEASE NOTE:**

**Final transcripts will be reviewed to check grades. Poor academic performance may result in your admission being rescinded.**

If you have an established grade point average, it is our expectation that you will maintain this grade point average.

Certain undergraduate programs are highly selective and applicants must meet additional requirements for entrance into a program. Your letter of admission does not guarantee admission into any program of study.

Additionally, students who have graduated from a regionally accredited institution other than UW-La Crosse must meet all core, professional, diversity and major requirements for the second degree, and earn at least 30 resident credits beyond the first degree. You will work with the appropriate academic service director/academic advisor to determine program specific requirements.

**As a second degree student, you will not receive a credit evaluation.** You will need to consult with the Dean's Office for the College to which you are assigned (see letter of admission) to determine which courses you need to complete to earn your second undergraduate degree.
