# UNIVERSITY OF WISCONSIN LA CROSSE

Dear friends, alumni, and distinguished guests:

From our storied beginnings in 1909, when the La Crosse Normal School was founded, to our place of prominence today in 2025, the University of Wisconsin-La Crosse has grown into one of the best public universities in the country. Thus we can be proud of many things—in particular, today's graduating class.

For more than 20 years, U.S. News & World Report has ranked UWL the top school in the UW System and among the top five public universities in the Midwest that offer undergraduate and master's programs. Also, for more than a decade UWL has been one of only two UW campuses ranked in Kiplinger Magazine's list of the Top 100 Values in American Public Higher Education, further recognition of our strong national leadership in higher education.

A commitment to excellence exists throughout the UWL campus, and the accomplishments listed on page 6 showcase some of our most notable achievements. But the greatest testament to our tradition of academic excellence is the group of outstanding students who make up today's graduating class. Each one of them is a point of pride, and we're so very grateful for that.

So on behalf of the staff and faculty here at UWL, it's my pleasure to thank you for joining us today to celebrate the crowning achievement of the university experience. The future holds great promise for our graduates, and I hope you are as proud of them as we are!

Best wishes,

Academic Dress

The academic apparel worn by faculty and staff in the processional has its origins in the universities of the Middle Ages. Because the universities grew out of church schools, both faculty and students were regarded as part of the clergy and wore clerical clothing based on monastic dress.

The head covering developed from the skull cap worn to protect tonsured heads in cold weather. In the universities, the skull cap acquired a point at the top which gradually evolved into a tassel. In Europe, the bonnet with a tassel is still worn, but has been replaced in America by the mortar board cap or tam with a tassel.

The style of the gown may have been borrowed from the Benedictine monk's habit. In the Middle Ages, those with bachelor's and master's degrees could be distinguished by the simplicity or elaborateness of their gowns. The master's gowns were often furred, a decoration surviving as the three velvet bars now used on the sleeves of the doctoral gown.

The hood was originally worn over the head in bad weather, and otherwise dropped onto the shoulders. First worn by faculty and students, the hood is now added to the apparel of those with master's and doctoral degrees. The color of the velvet trim on the hood indicates the scholarly field, for example, dark blue (philosophy), golden yellow (science), light blue (education), pink (music), apricot (nursing), drab (business), and white (arts). The colors of the satin lining are those approved and authorized by the college or university from which the degree was earned.

Scholarship Pins

Students who received a scholarship from the UWL Foundation during their time at UWL are wearing pins on their gowns.

Medallion Symbolizes Academic Excellence

Wearing a medallion or seal of office has been a symbol of academic excellence since the Middle Ages. The seal marked official documents then; heads of institutions wore the seal around the neck to keep it in their possession. The chancellor's medallion features a design and materials that reflect UW-La Crosse. The mokume-gane or "wood grain metal" used is a specialty of the campus jewelry studio.

Mace Shows Quest for Truth

Once a weapon in medieval combat, the mace was adopted by universities as a symbol of the power of the quest for truth. The mace is carried in the commencement ceremony by a distinguished senior faculty member. William R. Fiorini, a UWL art professor, designed and made the medallion and mace, which were used for the first time at the inauguration of Chancellor Judith L. Kuipers in September 1992.

The mace and medallion were given to the University by Mary Heberd and Ruth Nixon-Davy, professors emeriti. Silver plaques on the medallion box and mace stand acknowledge these gifts.

Symbols of Academic Achievement

Many undergraduate students are wearing items that reflect high academic achievement. Commencement Honors are designated by silver cords, and are worn by students who have at least a 3.50 cumulative grade point average. Those wearing gold cords have earned Commencement Highest Honors with at least a 3.75 average. Members of the Golden Key International Honour Society are wearing a medallion on a blue and gold neck ribbon. The organization is open to the top 15 percent of graduating seniors in various fields of study. Discipline-specific honor organizations are represented by a variety of other cords.

International Sashes

Sashes are worn by graduates who studied abroad. Each sash represents the country in which the student studied.

Even more reasons to be a proud UW-La Crosse graduate...

- **UWL welcomed its largest first-year class in school history last fall**, with 2,325 students enrolled. This eclipses the previous mark of 2,308 set in fall 2022. Overall enrollment is also on the rise, reaching 10,492 students on the 10th day of the fall semester — an increase of 165 students compared to the previous year. These trends underscore the growing appeal of a UWL education.
- **UWL is the No. 2 public university of any size in Wisconsin**, according to the college review website Niche.com. Niche noted UWL’s vibrant campus and social offerings, strong academic programs, and solid return on investment. UW-Madison was the only other school in the Universities of Wisconsin system to crack the top five.
- **UWL retained 86.7% of its 2023-24 first-year students** — its highest retention rate in a decade and among the top three in the past 50 years. The ability to retain students is a credit to UWL’s outstanding academic and student support programming, as well as campus-wide efforts to instill in students a sense of belonging.
- **On May 2, Chancellor James Beeby was inaugurated as the 11th leader in UWL’s history.** Beeby, who has served as chancellor since July 1, 2024, has prioritized building relationships across campus and the broader community, advocating for additional resources to support the university’s mission, and keeping student success at the forefront of key decision-making.
- **UWL’s recently retired Vice Chancellor for Administration & Finance, Bob Hetzel, continues to leave his mark, making the largest gift in university history.** Last fall, it was announced that Hetzel was pledging a total of \$250,000 over the next five years, along with an eventual estate gift of \$2.25 million, to support student scholarships and Athletics Department initiatives. To celebrate Hetzel’s profound impact on campus through the years, UWL named its new Fieldhouse, completed in 2023, in his honor.
- **Provost Betsy Morgan and Associate Professor of Archaeology & Anthropology Dave Anderson traveled to Cairo, Egypt, in November to formalize an innovative student exchange agreement with Ain Shams University.** The program is expected to launch during the 2025-26 academic year.
- **On One Day for UWL, the university’s fifth-annual day of giving, supporters of UWL donated more than \$500,000 to support student success** through scholarships, research opportunities, academic and curricular programming, and more. It was the most successful UWL giving day to date. Since its launch in 2020, One Day for UWL has generated 8,000 donations totaling more than \$1.7 million.
- **UWL has been recognized for the vast and impactful research work of its students and faculty.** UWL was named a Research College and University in the 2025 Carnegie Classification of Institutions of Higher Education. The classification, based on total research expenditures and doctoral degrees awarded, underscores UWL’s commitment to providing hands-on, high-impact learning opportunities inside and outside the classroom.
- **UWL has received national attention for its 20-plus graduate degree programs.** U.S. News & World Report has ranked two UWL graduate programs in the top 100 nationally in their respective disciplines: Physical Therapy (No. 41) and Physician Assistant (No. 65).
- **UWL was awarded the Gold Seal for excellence in student voter engagement** by the ALL IN Campus Democracy Challenge. This recognition highlights UWL’s dedication to fostering nonpartisan democratic participation among its students, marking it as one of approximately 500 campuses to earn the distinction.
- **UWL students have logged nearly 50,000 hours of volunteer service over the past three years** — one of the many ways in which students use their time and talents to make the La Crosse community a better place.
- **UWL’s Undergraduate Research & Creativity program provided 107 grants for student research in 2023-24 — a 37% increase from the previous year.** In addition, 400 students, some working collaboratively, presented more than 250 research projects at UWL’s 2025 Research & Creativity Symposium.
- **UWL’s Community Engaged Learning (CEL) initiative continues to match students and faculty with local organizations that can benefit from their expertise.** Since the program launched in 2021, more than 1,000 students have taken a CEL course, and 46 faculty members have received a CEL designation for one of their courses. These partnerships provide valuable real-world learning opportunities for students in addition to supporting community projects.
- **Last year, UWL Career Services recorded more than 450 for-credit internships completed by students.** In addition to this number, many students completed internships that were coordinated externally. Internships provide students with enriching experiences and networking opportunities to jumpstart their careers.
- **UWL’s theatrical production of “What the Constitution Means to Me” was selected for a special performance** at the American College Theatre Festival Region Three competition in Madison in January. Several students received individual awards for their outstanding contributions to the production.
- **To date, UWL athletic teams have celebrated three national titles this academic year**, bringing the university’s total to 79 championships in all sports. The men’s track and field team, the men’s cross-country team and the women’s gymnastics team all brought home first-place honors.
- **Dirck Nagy, Library Assistant III in Murphy Library, received the Board of Regents’ 2024 University Staff Excellence Award** — the highest honor for a university staff member in the Universities of Wisconsin system. Nagy works the night shift at the library, serving members of the campus and broader community, and leading key initiatives related to inventory and organization.

*The Alma Mater*

Morning sun greets many banners  
On its westward way,  
Fair to us above all others  
Waves maroon and gray.

Colors dear, flag we love  
Float for aye;  
Old La Crosse to thee,  
May we all be ever loyal  
To thy memory.
