Applied Research Grant Workshop at UWL, Oct. 25, 2-4 pm

UWL faculty interested in the UW System/WiSys Applied Research Grant program are encouraged to attend an informational workshop on Thursday, October 25, 2:00-4:00 pm in 150 Murphy Library (Institute for Campus Excellence). Register online here. Webinar spaces for those not able to attend in person are available; RSVP to secure your spot.

For more information or questions, email grants@wisys.org

Changes to IRB Training & Expiration Dates

The NIH IRB online training, which was formerly used by UWL to fulfill IRB training requirements, has been removed by the agency. UWL has replaced it with new IRB online training modules in CITI (the same online system used for most other research compliance training). See this site for information on registering for CITI and accessing the new training modules.
In addition to the change in the IRB training system, IRB training will now expire after a 5-year period. For those completing IRB training for the first time in CITI, the required training certification will expire 5 years following an individual’s completion date. For individuals who completed the old NIH IRB training, certifications will expire December 31, 2023 (in 5 years). At that time, individuals should complete the CITI IRB training modules and provide a new completion certification with their next IRB protocol.

Questions about the new training modules or training expiration can be directed to the IRB Program Assistant, Katie TerBeest (irb@uw lax.edu, 608-785-8044).

WiSys Quick Pitch for UWL Undergrads & Grads

All UWL students (undergraduates & graduates) are invited to showcase their research findings and/or original ideas through an upcoming Quick Pitch event hosted by WiSys. Participants can learn to communicate findings and ideas in a quick and accessible way, gain valuable exposure for their ideas, compete for cash prizes, and possibly go on to present to a statewide audience. Important dates are below:

- **Register online** by October 15
- **Training workshop** for registered participants on October 25, 5-7 pm
- **Quick Pitch event** on November 8, 4-6 pm at the UWL Student Union 3314

Visit the WiSys Quick Pitch event website or contact WiSys Regional Associate Tony Hanson (thanson@wisys.org) for more information.
PREPARE FOR UPCOMING RESEARCH PRESENTATIONS WITH WISYS!
Interested in honing your presentation skills? This event is for you! Open to all academic disciplines.

BENEFITS FOR PARTICIPANTS:

• Sharpen communication skills
• Learn how to present your research in a way that anyone can understand in less than 3 minutes
• Convey the relevance of your research and how it impacts society
• Learn how to present in non-confidential terms
• Compete for a cash prize
• Gain exposure for your research project or innovative idea: winners will present to a statewide audience at WSTS 2019

THURSDAY
NOV 8
4:00-6:00PM
UNION 3314

REGISTER:
Register online by October 15 at wisys.org/events/quickpitch
*Participants must attend a training on 10/25/2018

NSF Major Research Instrumentation (MRI) Program: UWL Notices of Interest Due Nov. 7

The NSF MRI program serves to increase access to shared scientific and engineering instruments for research and research training in higher education, not-for-profit museums, science centers, and scientific/engineering research organizations. It supports acquisition of instrumentation that aids research and research training goals and that may be used by other researchers regionally or nationally. Each MRI proposal may request support for the acquisition (Track 1) or development (Track 2) of a single research instrument for shared inter- and/or intra-organizational use.

NSF limits the number of MRI applications each institution may submit; thus, interested UWL faculty/staff should submit a brief (i.e., up to one-page) notice of interest (NOI) via email to grants@uw lax.edu by November 7. NOIs should include the following information:

1. Indication of whether MRI application would be Track 1 (acquisition) or Track 2 (development)
2. Summary of the need for the equipment that would be acquired or developed
3. List of the internal and/or external collaborators that would be involved in the application and their respective roles (e.g., responsibilities for equipment training and/or maintenance, how equipment would be used by respective collaborators)

Submit NOIs to grants@uw lax.edu; include your department chair and college dean in the CC line. The UWL Office of Research & Sponsored Programs (ORSP) will facilitate review of NOIs and will notify faculty/staff invited to submit full applications shortly thereafter. Please contact ORSP (grants@uw lax.edu) with questions.

**Deadlines:**

- **Required** UWL notices of intent (NOIs) are due to grants@uw lax.edu by November 7, 2018.
- Full applications are due to NSF during the submission window: January 1-22, 2019.

**2018-19 GRANT WEBINAR SCHEDULE:**

**OCTOBER 11, 2018**  
2:00-2:45PM  
Funding Opportunities for Your Teaching, Research & Scholarship

**NOVEMBER 8, 2018**  
2:00-2:45PM  
The Sustainability Challenge: Designing Projects for Success Beyond the Grant Period

**DECEMBER 13, 2018**  
2:00-2:45PM  
Preproposal Contacts: Who You Need to Talk to & What You Need to Know Before Writing Your Next Grant Proposal

**FEBRUARY 14, 2019**  
2:00-2:45PM  
Common Grant Writing Pitfalls - and How to Avoid Them

**MARCH 7, 2019**  
2:00-2:45PM  
Building a Believable Budget

**APRIL 11, 2019**  
2:00-2:45PM  
Collaborative Grantseeking: Accumulating Precious “Wins” & Avoiding Painful “Losses”

*Program contact:* Office of Research & Sponsored Programs

*Program summary:* The purpose of the Faculty Research Program is to promote and support scholarly research activities campus-wide. UWL provides funds on a competitive, peer-reviewed basis to eligible faculty, which includes all full-time faculty and instructional academic staff with a continuing appointment. The term “research” is meant to denote investigative activities—i.e., scholarly efforts to advance knowledge, increase skills, and improve understanding in any academic discipline. Projects must demonstrate originality and must yield results which are potentially publishable in a reputable journal, in book form, or through other recognized forms of presentation and dissemination.

*Deadline:* October 24, 2018 at 4:00 p.m.

**UWL Visiting Scholar/Artist of Color Program**

*Program contact:* Provost Office
Program summary: As part of UWL's vision that diversity is central to providing and maintaining a quality learning environment, UWL endeavors to bring scholars/artists of color to campus through the Visiting Scholar/Artist of Color grant program. The purpose of this program is to increase the exposure and access of the UWL campus community – including students, faculty, staff, and the surrounding community – to the scholarship, creativity, experiences, and perspectives of people of color.

Specific goals of the program include, but are not limited to, the following:

- To increase the UWL campus community's exposure and access to the scholarship, creativity, experiences and perspectives of persons of color.
- To combat racial and ethnic stereotypes about intellectual ability, academic expertise, and ability to excel in a broad range of disciplines.
- To combat the phenomenon of stereotype threat related to the above stereotypes.
- To increase students' access to racially and ethnically diverse role models and mentors in a variety of fields.
- To increase UWL’s ability to solicit racially and ethnically diverse applicant pools in future searches for faculty and IAS positions by developing personal networks of contacts.

All UWL faculty and academic staff are eligible to submit a proposal to bring a qualified individual(s) to visit campus during the academic year. Visits are restricted to the academic year to allow significant interaction with students, faculty, and staff by the visiting scholar/artist. Travel costs and honoraria may be requested in the grant application. Proposed projects must involve at least one Academic Department and have the support of the Department Chair.

Deadlines: All proposals (Grant Proposal Reports from Digital Measures) are due to the relevant Dean/Division Head one week prior to the deadlines below. All proposals must be submitted to grants@uw lax.edu by the Dean/Division Head by the deadlines below for consideration:

- For fall semester scholars: second Monday in July (July 8, 2019) by 4:00 pm
- For spring semester scholars: first Monday in December (December 3, 2018) by 4:00 pm
