

RCR Student Training Plan Form

Several federal agencies require that students working on agency funded grants receive training in the Responsible Conduct of Research (RCR). A plan must be in place at the time that the grant is submitted for the Office of Research and Sponsored Programs (ORSP) to sign-off on the grant proposal. UW-La Crosse's policy is that students must complete the following training to be adequately trained and be in compliance with agency requirements.

Must be completed within	Undergraduate and Graduate Students/ Post-docs
First 2 weeks of employment	Ethics CORE CMDITR Module 1
First 6 weeks of employment	See UWL RCR Policy for Agency-Specific Requirements

Please review the list below and select the most appropriate training modules for the students that will be working on this project. PIs may require their students to complete more than the minimum expectations shown above.

Available Modules:	Undergraduates	Graduates
Research Misconduct	<input type="checkbox"/>	<input type="checkbox"/>
Data Acquisition, Management, Sharing and Ownership	<input type="checkbox"/>	<input type="checkbox"/>
Publication Practices and Responsible Authorship	<input type="checkbox"/>	<input type="checkbox"/>
Peer Review	<input type="checkbox"/>	<input type="checkbox"/>
Mentor and Trainee Responsibilities	<input type="checkbox"/>	<input type="checkbox"/>
Using Animal Subjects in Research	<input type="checkbox"/>	<input type="checkbox"/>
Human Subjects (may substitute IRB on-line training)	<input type="checkbox"/>	<input type="checkbox"/>
Conflicts of Interest and Commitment	<input type="checkbox"/>	<input type="checkbox"/>
Collaborative Research	<input type="checkbox"/>	<input type="checkbox"/>
