Search Frames

The diagram illustrates a search process. At the center is a 3D figure holding a magnifying glass. This central figure is enclosed within a double-lined circle. Surrounding this central circle are four single-lined circles, each containing a search criterion: 'Topic' at the top, 'Type' on the right, 'Population' at the bottom, and 'Geography' on the left. These four outer circles are connected by a larger, faint double-lined circle that passes through their centers.
