**When Will I Receive My Statement of Benefits?**

The Department of Employee Trust Funds will begin distributing employees’ January 1, 2021 Wisconsin Retirement System Annual Statement of Benefits in April, after 2020 account data reconciliation processes have been completed.

The annual statement is a summary of an employee's year-end WRS retirement account information, including the effective rate of interest applied to the account. Employees can expect their new statements by late April, either directly from their employers or mailed to their home addresses.

To learn more about the WRS Annual Statement of Benefits, watch this [ETF video](#) or visit the [My Statement of Benefits](#) web page.
