Using bikes on MTU

MTU has a great way to keep you, and the environment, in shape – bike 'n' ride. With a bike rack on every MTU bus, you can make bike riding part of your regular commute.

The bike racks are quick and easy to use. Each rack can accommodate two bicycles. There is no additional charge to use the racks, and an instructional brochure is available from the bus driver or you can view it online at www.cityoflacrosse.org/mtu. For more information about taking your bike on the bus, please call the transit office at 789-7350.

Specialized service for the disabled

To meet the special needs of persons with disabilities and to comply with the Americans with Disabilities Act, MTU operates wheelchair accessible buses on its regular fixed route system. It also provides ADA Paratransit Service, called "MTU Mobility Plus." cannot get to a bus stop from their home, from the bus stop to their destination, or who require more assistance in using transit service than that provided by a driver operating a lift-equipped MTU bus, may qualify for ADA Paratransit Service. This service operates on a "demand response" basis with advance reservations made the day before transportation is needed. MTU contracts with a private provider to operate this service, which is available during the same hours and days as bus schedule.

Only those persons specifically certified by reason of their disability may use this service. Call the MTU office at **789-7350** for more information on ADA Paratransit Service or to request an application form for certification.

TTY Users: MTU encourages the use of the

Wisconsin Relay System. This system uses Communication Assistants to voice everything typed by the TTY user and type everything said by the telephone user for the TTY user to read. To use this service please call: TTY/VCO/HCO at 1-800-947-3529.

Using the timetables

The schedules below show approximate departure times from some of the bus stops along each route. These locations, called "timepoints" are indicated with lettered symbols (such as 🗐 on both the map and on the schedule. Find the timepoint nearest your stop, and use that column of the schedule for your departure or arrival time. If your bus stop is between timepoints, you can estimate what time to catch the bus by locating the timepoints before and after your stop. Read schedule times across to the right to see when the bus will arrive at other timepoints. Get to your bus stop at least five minutes early. MTU cannot control traffic and road conditions, therefore times shown are approximate.

Riding the MTU is easy

First Steps

Use this map and schedule to find your route, bus stops and departure/arrival times. If you'd like help planning your trip, simply pick up the phone and call our Transit Route and Schedule Information Service at 789-7350. Have a pen and paper handy to write down the information provided. Tell us where you are, where you want to go, and what time you want to be there. Our staff will tell you where to catch the bus, what time it is scheduled to arrive, and what time you should arrive at your destination. Call 789-7350, Monday - Friday 6:00 a.m. to 5:00 p.m.

At the bus stop

It is very important that you wait for the bus at the bus stop. MTU drivers are instructed to serve only the bus stops, except in La Crescent and French Island (see note on map). MTU bus stops are indicated by distinctive blue and white signs throughout the city.

Note: Buses may not be able to stop at regular bus stops when construction or emergency vehicles have traffic flow reduced to one lane or detoured.

How to identify your bus

As the bus approaches, make sure it is the correct bus before you board. Each bus has a route number and destination sign displayed over the windshield. These signs also indicate when a bus is out of service or en route to the garage.

Fares and transferring

Please have your exact fare ready when boarding. Drivers do not make change. When your one-way trip requires the use of more than one bus, you will need to ask your driver for a transfer when you pay your fare. A transfer entitles a passenger to transfer to another route in order to get to a destination. Once at your transfer point, step along quickly; the driver of your connecting bus can only wait three minutes past his scheduled departure time. To wait longer would throw his bus "out of sync" with the other routes.

> Transfers are also available between MTU and Onalaska/Holmen/West Salem Public Transit (OHWSPT) A connection and transfer to OHWSPT is possible at Center 90 and Valley View Mall. Passengers must contact OHWSPT at 784-0000 to make a reservation for pick up.

Getting off the bus

When you are within one block of your stop, signal the operator by pushing the yellow bell tape between the windows, or pulling the bell cord above the windows. Wait for the bus to stop before standing, and please watch your step when exiting from the bus.

When the sun goes down, **Night Stop brings you** closer to home

As a courtesy to our customers traveling at night, the La Crosse MTU offers Night Stop. At any time after 6:00 p.m., you may ask your transit operator to let you off at any point along your bus route. It does not have to be at a regular MTU bus stop.

Just request your stop at least a block ahead of where you want to get off. The transit operator will decide whether the stop you asked for can be made safely. Depending on weather, street and traffic conditions, you may be offered an alternate stop location. Operators can pick up customers only at regular MTU
