

2008 Survey Participation

Instead of sampling (as was done in 2004) the 2008 survey was administered to entire populations.

In 2008, a total of 9,502 invitations to participate were sent to the survey campus population via campus email. Overall, 1,963 (20.6%) valid campus constituents responded. No library staff members or students in the graduate learning communities were asked to participate (similar to the 2004 survey).
