Consent items briefly discussed. No objections were made.

IV. Informational Items: none

V. Old Business

A. Course modality update

The modality question has been updated on the CIM form as part of the CIM refresh.

B. CIM refresh update

The CIM Refresh is now live and includes a new field for the percent that is being changed. HLC requires that program changes are quantified. Once the aggregate of changes reaches 25%, an informational report is required to HLC. Changes to the entire program including general education courses are included in the total. Sandy Grunwald is working to find better guidance for calculating the percent change.

VI. New Business: none

VII. Future Business: none

Adjourned 3:52 PM.
