III. Consent Items

A. Theatre
   i. **THA 310** - course revision; prerequisite change; effective Fall 2017.
   ii. **THA 472** - course revision; adding outline information; slash course update; effective Fall 2017.

IV. Informational Items: none

V. Old Business
   A. **Minors (New or Revised) Policy** - the current policy for minors requires at least half of the coursework for a minor be upper-division classes. While all new minors do follow this policy, not all existing minors currently match that standard, and a blanket request to departments to update their minors would create significant concern especially when minors rely on courses and prerequisites from more than one department or must adhere to standards of outside accrediting bodies. Formulate a recommendation regarding the application of this policy to existing minors that come before UCC for other reasons, and report this recommendation to Faculty Senate no later than the end of January, 2018.

   B. **Slash Course Curriculum Forms Project** - per the recent HLC visit and new Slash Course Policy, curriculum forms are required to indicate how undergraduate/graduate class combinations will be taught differently for undergraduate versus graduate students. All departments that have slash courses will need to enter that information on both the undergraduate and graduate CIM course form by May of 2018.

VI. New Business: none
